This exclusive franchise contract (CONTRACT) is made and entered into on September 28, 2022, by and between COUNTY of Los Angeles Board of Supervisors, acting in their capacity as the governing body COUNTY of Los Angeles (COUNTY), and Valley Vista Services, Inc., a California Corporation, located at 17445 East Railroad Street, City of Industry, California 91748, (hereinafter referred to as CONTRACTOR).

SECTION 0 - RECITALS:

Purpose. To limit the wear and tear on COUNTY streets, reduce pollution from Collection and Vehicle exhaust, increase customer service accountability, ensure compliance with Federal, State, and local laws, including Assembly Bills (AB) 341, 939, 1826, and Senate Bill (SB) 1383, by improving program implementation performance and reporting accuracy, and facilitate more efficient CONTRACT administration and enforcement by COUNTY staff.

Solid Waste Haul Permits. County of Los Angeles Department of Public Health issues permits to haulers for the hauling of Solid Waste with requirements to protect public health and safety, including frequency of Collection and Collection Vehicle maintenance. CONTRACTOR shall continue to obtain that permit and comply with all its provisions throughout the life of this CONTRACT; and

Mandatory Solid Waste Diversion. The State of California has found and declared that the amount of Solid Waste generated in California coupled with diminishing landfill space and potential adverse environmental impacts from land filling have created an urgent need for State of California and local agencies to enact and implement an aggressive, new integrated waste management program. Through enactment of AB 939, the State of California has directed agencies, such as COUNTY to Divert 50 percent of all Solid Waste through source reduction, recycling, and composting activities. The California Department of Resources Recycling and Recovery (CalRecycle) had granted COUNTY a timeline to achieve compliance with the AB 939 Diversion requirements to which COUNTY had met. Additionally, with the passage of Senate Bill 1383, COUNTY must comply with CalRecycle's requirements related to diversion of Organic materials such as Food Waste, Green Waste, and food-soiled paper, for the purpose of reducing short-lived climate pollutants such as methane and its impact on climate change. Non-compliance may subject the County to penalties and fines of up to \$10,000 per day. Continued compliance is based in part on executing and implementing this CONTRACT to secure cooperation with CONTRACTOR's AB 939 waste Diversion programs, record keeping, and reporting; and

County Zero Waste Plan. COUNTY Board of Supervisors adopted the Roadmap to a Sustainable Waste Management Future in 2014. It is a comprehensive plan for a waste free future and is a proactive approach to developing innovative policies for managing waste that further reduces COUNTY's reliance on landfills. It established the following intermediate and long-term disposal reduction targets: 80 percent Diversion from landfills by 2025, 90 percent Diversion from landfills by 2035, and at least 95 percent Diversion from landfills by 2045. The COUNTY updated the plan in 2021, referred to as the Zero Waste Plan; and

Municipal Solid Waste Discarded in Containers. The County has determined to provide for Municipal Solid Waste (MSW) Management Services in portions of Los Angeles County under the terms of this CONTRACT for reasons including the following:

- To enable businesses and residents located in the Service Area that discard Solid Waste in Dumpsters to receive quality MSW Management Services, and
- To provide COUNTY with programs, records, and reports that will help COUNTY comply with AB 939, AB 341, SB 1383, and other Laws.

Compliance with Law. CONTRACTOR shall perform Contract Services in accordance with all the Laws governing the safe Collection, transport, Recycling, and Disposal of Residential and Commercial Solid Waste, Including AB 939 and AB 341, SB 1383, Recovered Conservation and Recovery Act (RCRA), and Comprehensive Environmental Response Compensation and Liability Act (CERCLA).

CONTRACTOR / “Arranger”. Under this Contract, COUNTY may exercise control over the Disposal or other disposition of the Solid Waste handled by the CONTRACTOR, commonly referred to as flow control. It may designate or determine the use of any given Solid Waste Facility. Although minimum scope of Contract Services, Service Specifications, and Service Standards are set forth in this CONTRACT, COUNTY has not, and by this CONTRACT does not, supervise Contract Services or assume title to Solid Waste; and

Competitive Procurement. COUNTY issued a Request for Proposals (RFP) or Invitation for Bids (IFB) to provide Contract Services under this CONTRACT. Private waste hauling companies submitted proposals or bids, including their proposed schedule of rates and charges. COUNTY selected the CONTRACTOR based, among other things, on CONTRACTOR's price proposal and work plan for Collection Services.

Compensation. The following describes the compensation allowed under this CONTRACT:

- Exhibit 7 provides for CONTRACTOR's compensation under Collection Services. Under this CONTRACT, the CONTRACTOR cannot charge its Customers more than the Customer Service Rates as stipulated in Attachment 7-2 Service Rates in Exhibit 7.
- Except as otherwise allowed under this CONTRACT, CONTRACTOR is not allowed to add any surcharges in addition to the fees that were entered on Form PW-2 and PW-3, Schedule of Prices. Any fuel, environmental, or other fees must be included in the original bid and may not be added later.

Franchise Authorization. PRC Section 40059 specifically authorizes COUNTY to prescribe the terms and conditions of Solid Waste management services, including:

- The nature, location, and level/extent of services;
- The frequency of Collection;
- The means of Collection and transportation;

- The Service Rates and fees; and
- Whether the services are to be provided by means of nonexclusive, partially exclusive, or wholly exclusive franchise, contract, license, permit or otherwise.

County Code Chapter 20.70 authorizes Director to require franchises in any part of the unincorporated territory of COUNTY that is not served by a Garbage Disposal District.

Franchise Development. COUNTY and representatives of the private hauling industry met many times to discuss the scope of services, service specifications, Service Standards, and other Performance Obligations and to address the industry's questions, comments, and concerns.

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

This CONTRACT applies to all Contract Services, unless specifically indicated otherwise.

CONTRACTOR Obligations Applicable to all Exclusions from Service

CONTRACTOR shall report to the COUNTY and maintain a record of all Customers located within their Service Area that qualify for exclusion of services such as Customers that Self-Haul or self-manage Organic Waste. Upon determining a Customer is Self-Hauling or self-managing their Organic Waste, the CONTRACTOR shall provide a written notice to the Customer informing them that they must register with the COUNTY as a Customer that Self-Hauls or self-manages Organic Waste, as applicable. The CONTRACTOR shall provide the written notice that is developed by the COUNTY.

This applies to Manure-only Dumpsters for Residential Customers.

This CONTRACT is not exclusive in regard to Collection, transportation, and Disposal/Diversion of Construction and Demolition Debris. Construction and Demolition Debris must be handled in accordance with the requirements in County Code Chapter 20.87 and by a hauler with all appropriate Public Health permits. Customers have the option to select any properly permitted Construction and Demolition Debris waste hauler as long

as the selected waste hauler has an agreement with the COUNTY to haul Construction and Demolition Debris.

D. Fees to COUNTY

In consideration for exclusive franchise rights granted under this CONTRACT, CONTRACTOR shall pay COUNTY the Franchise Fee at the time and in the amount and manner established from time to time by COUNTY ordinance or resolution of the Board of Supervisors. CONTRACTOR shall not separately identify the Franchise Fee in correspondence with Customers, including in Terms and Conditions, bills, or invoices.

CONTRACTOR acknowledges the following:

- The franchise fee is a consideration for the County's direct and indirect costs and expenses associated with the franchise rights granted under the Agreement.
- The elimination of competition with private persons for Contract Services under this exclusive franchise has significant monetary value to CONTRACTOR, and the franchise fee is consideration for that exclusivity.
- The franchise fee is a cost of doing business, like capital, fuel and labor costs.
- Paying COUNTY the franchise fee is an obligation of CONTRACTOR and not an obligation of Customers.

E. Ownership of Solid Waste

This CONTRACT does not purport to grant CONTRACTOR ownership over Solid Waste. The right to possession or ownership of Solid Waste placed at the Set-Out Site for Collection, Organic Waste (including Green Waste and Food Waste), Recyclables, and E-waste, will be determined in accordance with existing law and is not affected by this CONTRACT. The COUNTY makes no representations or warranties with respect to content of Solid Waste, any Solid Waste Disposal characterization study, or projections by Solid Waste material type. COUNTY expressly disclaims any representations and warranties, either express or implied, as to the merchantability or condition of Solid Waste for any purpose.

CONTRACTOR will not make any claim against the COUNTY based on any estimates, statements or interpretations made by any officer, employee, agent, or consultant of the COUNTY in connection with the procurement of this CONTRACT, including the COUNTY's Request for Proposals, which differ from the actual under this Franchise.

For example:

- 2 large Customers are approved for single-pass service
 - Customer A will have 40 cubic yards service
 - Customer B will have 80 cubic yards service
- CONTRACTOR identifies total tonnage collected is 15 tons (via weigh tickets) and tip fee is \$110/ton = \$1650
- CONTRACTOR identified \$10/mile and total single-pass route is 20 miles = \$200
- Customer A rate = $\$1850/120\text{CY} \times 40\text{CY} = \616.66

a. Debt Incurred During Emergency

12 months after an emergency, COUNTY will pay to the CONTRACTOR half the amount of any debt incurred as a result of Customers not paying their bills during an emergency. CONTRACTOR must submit documentation to the satisfaction of the Director demonstrating the amount of any such debt. Future Franchise Fees invoices will be adjusted by Director. For example, if the CONTRACTOR has \$100,000 of unpaid bills 12 months after an emergency, Director will reduce the Franchise Fee invoice by \$50,000. If CONTRACT will terminate prior to the 12 months, Director will consider an alternate timeline.

At any time after the Director has authorized the debt to be deducted from Franchise Fee and CONTRACTOR is able to recover additional payments from Customers, or former Customers, those recovered funds must be shared equally with COUNTY.

b. Franchise Fee Payment Extension

Director will consider adjusting Franchise Fees during an emergency, extending the deadline to pay an invoice.

C. Backup Service Plan

CONTRACTOR shall implement its Backup Service Plan within seven days of Director request if Customer's Solid Waste is not Collected at Customer's Set-Out Site, including uncontrollable circumstances. Examples of circumstances include CONTRACTOR's employees on strike or mudslides, wildfires, or earthquakes that cause blocked or damaged roads. In the event there is a protracted service disruption due to any cause, CONTRACTOR will institute proactive actions to sustain Solid Waste Collection Services. Since Customers are expecting services that CONTRACTOR is not providing, CONTRACTOR shall propose the appropriate services below for Director approval and must not charge Customer or COUNTY for providing these services, unless noted below.

1. Provide Conveniently Located Dumpsters or Roll-off Containers

CONTRACTOR will place 3 or 4-yard Dumpsters and/or Roll-off Containers throughout the community in key locations approved by Director.

2. Offer Self-hauling of Solid Waste to a Facility

CONTRACTOR will use Reasonable Business Efforts to make arrangements with the Solid Waste Disposal Facility normally used by CONTRACTOR for this Contract to allow each Occupant to direct haul and dispose of their Solid Waste, 6 days per week. The facility shall only charge the Customer for Disposal costs for quantities exceeding 100 pounds and there shall be no minimum quantities.

Additionally, if Director determines the distance to the CONTRACTOR's usual facility is too far from Occupants, CONTRACTOR will arrange for a local facility to allow each Occupant to drop-off the Solid Waste.

3. Inform Customers of Temporary Procedures

CONTRACTOR will use Reasonable Business Efforts to inform Customers and Occupants of the above service and Disposal options. CONTRACTOR will provide Customers and Occupants with information on where and how to dispose of the Occupant's Solid Waste by the following means:

- A recording on its customer service line.
- Arrange for the broadcast of COUNTY's 30-second Public Service Announcement video on local cable access channels with CONTRACTOR to customize it to the situation, such as having text appear on the screen announcing date, times, and addresses.
- Contact local print media and produce a press release.
- Contact Customers and Occupants via phone, e-mail, or text messages.

4. Credit Policy for Missed Contract Services

a. Missed Curbside Collection

Since Occupant is expecting a Collection Service not provided, CONTRACTOR shall automatically credit Customer for each missed Collection. For example, if a strike disrupts 2 weeks of the 13 Collections in a quarter, CONTRACTOR would credit Customer 2/13 of that quarter's fee toward the next quarter's fee.

b. Other Customer Services

When CONTRACTOR is unable to offer Collection Services other than curbside Collection, such as Bulky Item Collection, Community Meetings, or other required services, CONTRACTOR shall provide evidence of cost associated with those services and offer alternate services acceptable to Director.

5. Provide Replacement Drivers and Security

CONTRACTOR shall use Reasonable Business Efforts to require all properly trained and licensed employees to operate Collection Vehicles to maintain core Disposal and Diversion services. As described in the above paragraphs, CONTRACTOR shall be properly staffed to provide drop-off services for each Occupant. In addition to CONTRACTOR staff, CONTRACTOR shall use drivers or Vehicles from other operations and other waste haulers.

Finally, in cases of a strike, CONTRACTOR shall work closely with a private security firm to guarantee a safe and consistent operation.

6. Identify Customers Requiring Priority Service

CONTRACTOR shall contact the elderly and disabled Occupants and shall use Reasonable Business Efforts to Collect putrescible Solid Waste from their residence.

D. Use of Goods, Services and Property

1. Dumpsters and Cart Acquisition Contracts

CONTRACTOR acknowledges that COUNTY must have full use and possession of Dumpsters and Carts to secure its rights under this Contract, including both the following:

- Providing substitute service in accordance with its remedies under Part 3 of Exhibit 5 for Breach or default, and
- Purchasing Dumpsters and Carts upon termination of this Contract.

Therefore, if CONTRACTOR does not own Dumpsters and Carts outright without encumbrance, any Dumpster and Cart Acquisition Contract shall allow the Guarantor, COUNTY or COUNTY designee, to do all the following:

- Assume CONTRACTOR's obligations under the Dumpster and Cart Acquisition Contract,
- Take use and possession of the Dumpsters and Carts, and
- Obtain the benefits of any outstanding Cart warranties.

“Dumpsters and Cart Acquisition Contract” means an instrument establishing a security interest in the Dumpsters and Carts or that otherwise encumbers or limits CONTRACTOR's interest in Dumpsters and Carts, including any of the following:

- Lease or lease-purchase agreement,
- Installment sales or other financing contract, or
- Note or other loan documentation.

2. Inventory

CONTRACTOR shall store unused Dumpsters and Carts in a secure location. CONTRACTOR shall update its Dumpsters and Carts inventory at both following times:

- In each Monthly Report and Annual Report, and
- Within one week of COUNTY request

3. Insurance

If COUNTY or Customers have possession and use of Goods, Services and Property, CONTRACTOR shall execute whatever documentation its liability insurers require to ensure that COUNTY and Customers are protected and covered by CONTRACTOR's general and automobile policies, including requesting and executing endorsements to those policies. CONTRACTOR is not obligated to pay any additional cost of those endorsements unless COUNTY reimburses CONTRACTOR for those costs. COUNTY may pay for any endorsements, additional premiums or other costs. CONTRACTOR authorizes COUNTY to call and confer with CONTRACTOR's insurance broker to determine what, if any, documentation or actions are necessary to achieve protection satisfactory to COUNTY. Upon COUNTY REQUEST, CONTRACTOR shall direct its insurance broker to cooperate with COUNTY.

4. Vehicle Certification for FEMA

CONTRACTOR shall cooperate with COUNTY to certify all Vehicles to be used for emergency work. CONTRACTOR shall not use non-certified Vehicles unless approved by Director.

SECTION 12 - ENFORCEMENT OF CONTRACT

A. As Provided by Law

Either Party may avail itself of any remedy available under law.

B. COUNTY's Additional Remedies

Without limiting COUNTY's remedies otherwise available under this CONTRACT in law or equity, at its option, COUNTY may enforce a Breach in any or all the following ways:

- Execute alternative CONTRACTs for MSW Management Services in the event of CONTRACTOR Default
- Seek to obtain injunctive relief and/or damages
- Assess damages under item D of this Exhibit
- With respect to a CONTRACTOR Default under Part 3B3 of Exhibit 5 (Failure to Provide Insurance, Bonds), immediately withhold payments due CONTRACTOR
- Draw on Performance Assurance / Letter of Credit under Section 15

C. Injunctive Relief

CONTRACTOR acknowledges that COUNTY's remedy of damages for a Breach may be inadequate for reasons including the following:

- The urgency of timely, continuous, and high-quality Collection Services, including Collection, transportation, and/or transfer for Disposal of wastes which constitute a threat to public health;
- The long time and significant commitment of money and personnel and elected officials (both COUNTY staff and private consultants, including engineers, procurement counsel, citizens, public agency colleagues, and elected County officials) invested in this CONTRACT, including developing COUNTY's Option Analysis dated February 2001 and implementing its recommendations through numerous meetings of a Working Group comprised of Solid Waste industry representatives from small and large businesses, requesting and evaluating qualifications and proposals for this CONTRACT (including CONTRACTOR's), reviewing and commenting on documentation submitted by CONTRACTOR in conjunction with execution of this CONTRACT, and review of CONTRACTOR Documentation;
- The time and investment of personnel and elected officials described in the preceding paragraph to develop alternative Solid Waste services for the price provided under this CONTRACT, and to negotiate new contracts therefore; and

- COUNTY's reliance on CONTRACTOR's technical Solid Waste management expertise.

Consequently, COUNTY is entitled to all available equitable remedies, including injunctive relief.

D. Recovery of Damages

1. Compensatory

Subject to CONTRACTOR's opportunity to cure under Exhibit 5 Part 3, and mitigation of any damages by COUNTY, in the event that COUNTY seeks recovery of damages for a Breach, COUNTY may seek either compensatory damages or liquidated damages, as follows.

- Amounts equal to any Franchise Fees, liquidated damages, or other amounts that CONTRACTOR has previously paid to COUNTY but are subsequently recovered from COUNTY by a trustee in bankruptcy as preferential payments or otherwise;
- If COUNTY terminates this CONTRACT for a CONTRACTOR Default or in the event of Criminal Activity in accordance with Part 3D2c of Exhibit 5, costs incurred by COUNTY to provide or reprocur MSW Management Services in lieu of Collection Services;
- If COUNTY terminates this CONTRACT before expiration for a CONTRACTOR Default or in the event of Criminal Activity in accordance with Part 3D2c of Exhibit 5, costs of MSW Management Services provided or reprocured in lieu of Collection Services more than Customer Service Rates for the balance of the Term remaining if this CONTRACT had not been terminated; and
- In the event of CONTRACTOR Default under Part 3B3 of Exhibit 5 (Failure to Provide Insurance, Bond), in COUNTY's sole discretion, obtain damages resulting from that Default.

COUNTY may draw upon the performance bond, letter of credit, certificate of deposit, or other form of performance assurance provided by CONTRACTOR in accordance with Section 15 to pay compensatory damages.

For CONTRACTOR's misrepresentation regarding contingent fees in Attachment 5-8H, in addition to terminating this CONTRACT, COUNTY may recover from CONTRACTOR the full amount of the proscribed commission, percentage, brokerage, or contingent fee.

2. Liquidated Damages

COUNTY may seek liquidated damages listed in Attachment 12-D2.

The Parties have set these liquidated damages in recognition of the following circumstances existing at the time of the formation of this CONTRACT:

- a. COUNTY incurred considerable time and expense procuring this CONTRACT to secure an improved level of Collection quality and increased Customer and Occupant satisfaction. Therefore, consistent and reliable Collection Services are of the utmost importance to COUNTY and Customers and Occupants.
- b. COUNTY has considered and relied on CONTRACTOR's representations as to its quality-of-service commitment in entering into this CONTRACT, and CONTRACTOR'S Breach represents a loss of bargain to COUNTY. CONTRACTOR is experienced in providing services like those described in Collection Services.
- c. Quantified standards of performance are necessary and appropriate to ensure quality, consistent, and reliable Collection, and if CONTRACTOR fails to meet its Performance Obligations, COUNTY will suffer damages (including its Customers and Occupants' inconvenience; anxiety, frustration, potential political pressure, criticism, and complaint by Customers and Occupants; lost Supervisors and staff time; deprivation of the benefits of this CONTRACT and loss of bargain) in subjective ways and in varying degrees of intensity that are incapable of measurement in precise monetary terms, and that it is and will be impracticable and extremely difficult to ascertain and determine the value thereof. It would be difficult for COUNTY to prove its loss resulting from CONTRACTOR's Breaches and nonperformance or untimely, negligent, or inadequate performance of County Services.
- d. The CONTRACT contains a reasonable statement of Collection Services in order that the Parties will realize their expectations. COUNTY expects that CONTRACTOR shall perform Collection Services with due care in a workmanlike, competent, timely, and cost-efficient manner. CONTRACTOR expects to realize a profit by performing Collection Services in accordance with the terms and conditions of the CONTRACT for County Service Fees.
- e. In addition, in the event of Breach or CONTRACTOR Default, urgency of protecting public health and safety may necessitate that COUNTY enter into emergency or short-term arrangements for services without competitive procurement at prices substantially

greater than under this CONTRACT, and the monetary loss resulting there from is impossible to precisely quantify. Time is of the essence.

- f. The CONTRACTOR accepts COUNTY's assessment of liquidated damages for certain Breaches as part of the consideration CONTRACTOR offers to COUNTY for the award of this CONTRACT to CONTRACTOR.
- g. Lastly, termination of this CONTRACT for CONTRACTOR Default and other remedies provided in this CONTRACT are, at best, a means of future correction and not remedies that make COUNTY whole for past Breaches and CONTRACTOR Defaults.

Therefore, the Parties agree that the liquidated damages listed in Exhibit 12-D2 represent a reasonable estimate and fair approximation of the amount of damages COUNTY would incur as a consequence of CONTRACTOR's Breach corresponding to each item of specified liquidated damages, considering all the circumstances existing on the date of this CONTRACT, including the relationship of the sums to the range of harm to COUNTY that reasonably could be anticipated and anticipation that proof of actual damages would be costly or inconvenient.

In signing this CONTRACT, each Party specifically confirms the following:

- The accuracy of the statements made above, and
- The fact that each Party had many opportunities to consult with legal counsel and obtain an explanation of this liquidated damage provision at the time that this CONTRACT was made.

E. County's Reimbursement Costs

CONTRACTOR shall pay COUNTY promptly upon request, COUNTY's Reimbursement Costs of conducting a nonroutine investigation of any alleged Breach, when appropriate in judgment of Director. CONTRACTOR shall reimburse COUNTY for COUNTY's Reimbursement Costs incurred because of CONTRACTOR's Breach, including failure to maintain insurance.

F. Waiver

No waiver by COUNTY of any Breach of any provision of this CONTRACT constitutes a waiver of any other Breach of that provision. Failure of COUNTY to enforce at any time, or from time to time, any provision of this CONTRACT will not be construed as a waiver thereof. The rights and remedies set forth in this item F are exclusive and are in addition to any other rights and remedies provided by law or under this CONTRACT.

SECTION 13 - UNPERMITTED WASTE SCREENING AND REPORTING

A. Protocol

CONTRACTOR shall develop and implement the Unpermitted Waste Screening Protocol in compliance with Applicable Law and including the following provisions:

- Ongoing employee training in identification, safety and notification procedures, including leaving Non-Collection Notices, when safe;
- Means of driver inspection, such as visual inspection during tipping of Carts into Vehicles;
- Immediate driver response, such as load segregation;
- Driver notification, such as calling CONTRACTOR's dispatcher or field supervisor;
- Notification of appropriate local agency or department;
- Appropriate action, such as segregation and containerization for manifesting and transport for Disposal in accordance with Applicable Law or securing services of permitted handling and transport company;
- Compliance with Applicable Law, including regulations of the United States Department of Transportation (DOT) (Title 49 CFR) and of the United States Environmental Protection Agency (Title 40 CFR); and
- Labels on Containers, described in item D of this Section.

B. Prohibition on Collection

CONTRACTOR shall not Collect any Unpermitted Waste that it finds in Refuse, Recyclables, or Organic Waste unless it is licensed under Applicable Law. If CONTRACTOR finds Unpermitted Waste it shall notify all Persons as required by Applicable Law.

C. Notice to Director

If CONTRACTOR sees anything that it reasonably believes or suspects may be Unpermitted Waste on any public property in COUNTY, CONTRACTOR shall immediately notify Director and all Persons in compliance with Applicable Law. Public property includes storm drains, streets, and other public rights of way.

D. Labels

CONTRACTOR shall conspicuously label Containers with embossing or other secure means prohibiting Customers from discarding Unpermitted Waste. CONTRACTOR shall submit the label and text for Director approval prior to placing any purchase order for Containers. Item C3 of Exhibit 3A1 contains additional Container requirements.

SECTION 14 - EXECUTION OF CONTRACT**A. Execution in Counterparts**

This CONTRACT, including dated signatures on amended Exhibits and attachments to those Exhibits, may be signed by the parties hereto in any number of original separate counterparts, including both counterparts that are executed on paper and counterparts that are in the form of electronic signatures. Electronic signatures include facsimile or e-mail electronic signatures. Each executed counterpart shall be deemed an original. All counterparts, taken together, constitute the executed CONTRACT.

The parties hereby acknowledge and agree that electronic records and electronic signatures, as well as facsimile signatures, used in connection with the execution of this CONTRACT and electronic signatures, facsimile signatures or signatures transmitted by electronic mail in so-called pdf format shall be legal and binding and shall have the same full force and effect as if a paper original of this CONTRACT had been delivered had been signed using a handwritten signature. CONTRACTOR and COUNTY (i) agree that an electronic signature, whether digital or encrypted, of a party to this CONTRACT is intended to authenticate this writing and to have the same force and effect as a manual signature, (ii) intend to be bound by the signatures (whether original, faxed or electronic) on any document sent or delivered by facsimile or, electronic mail, or other electronic means, (iii) are aware that the other party will rely on such signatures, and (iv) hereby waive any defenses to the enforcement of the terms of this CONTRACT based on the foregoing forms of signature. If this CONTRACT has been executed by electronic signature, all parties executing this document are expressly consenting under the United States Federal Electronic Signatures in Global and National Commerce Act of 2000 ("E-SIGN") and California Uniform Electronic Transactions Act ("UETA")(Cal. Civ. Code § 1633.1, et seq.), that a signature by fax, e-mail or other electronic means shall constitute an Electronic Signature to an Electronic Record under both E-SIGN and UETA with respect to this specific transaction.

B. Authority to Execute

COUNTY warrants that the individual signing this CONTRACT has been duly authorized by COUNTY to sign this CONTRACT on behalf of COUNTY and has the full right, power, and authority to bind COUNTY to this CONTRACT. CONTRACTOR warrants that the individual signing this CONTRACT below has been duly authorized by CONTRACTOR to sign this CONTRACT on behalf of CONTRACTOR and has the full right, power, and authority to bind CONTRACTOR to this CONTRACT.

SECTION 15 - PERFORMANCE ASSURANCE

A. Performance Bonds, Other Security

CONTRACTOR shall secure and maintain throughout the Term and until CONTRACTOR has complied with all its obligations that survive the Expiration Date a faithful performance bond, approved by COUNTY. The performance bond must be in a form satisfactory to COUNTY or, at COUNTY's sole and absolute discretion, any alternative security acceptable to Director, including cash, certified check payable to COUNTY, certificate of deposit, or letter of credit (together, "**Performance Assurance**"), in the amount not less than \$50,000.

The Performance Assurance secures full and timely satisfaction of Performance Obligations for Collection Services.

CONTRACTOR shall provide a Performance Assurance in the amount listed in the table below for the period beginning on the Execution Date and ending on the last day of the first Contract Year.

Service Area	Amount of Performance Assurance
Gateway	\$50,000

Beginning on the first day of the next Contract Year, and in all subsequent Contract Years, that amount must be not less than the sum of:

- 15 percent of CONTRACTOR's Gross Receipts from Collection Services minus any Franchise Fees for the prior Contract Year;
- + 110 percent of any Franchise Fees paid by CONTRACTOR during the first six months of the prior Contract Year;
- + 110 percent of any liquidated damages assessed CONTRACTOR by COUNTY during the first six months of the prior Contract Year; and
- + Up to \$50,000, at the discretion of Director;
- = **SUM OF PERFORMANCE ASSURANCE (\$50,000 MINIMUM)**

A performance bond must be payable to COUNTY and executed by a corporate surety licensed to transact business (admitted) as a surety in the State of California. The corporate surety must have an A.M. Best Rating of not less than A:VII, unless otherwise approved by Director. The form of performance bond may not allow the bond surety to substitute another Person to perform Collection Services but must provide for payment of moneys to COUNTY to; (1) secure substitute Collection Services; (2) remedy damages incurred by COUNTY, including reasonable expenses, attorney's fees, and liquidated and compensatory damages; (3) ensure satisfaction of all Performance Obligations, including payment of Franchise Fees; and, (4) repay any money recovered from COUNTY in any bankruptcy or similar proceedings relating to CONTRACTOR. The

performance bond must be conditioned on faithful performance by CONTRACTOR of all the terms and conditions of this CONTRACT, including payment of Franchise Fees and any liquidated damages.

Each Performance Assurance must be renewed to provide for continuing liability in the above amount notwithstanding any payment or recovery thereon. At least 30 days prior to the Execution Date and 30 days prior to any renewal of the Performance Assurance, CONTRACTOR shall deliver the Performance Assurance to Director.

Director may verify the accuracy and authenticity of the Performance Assurance submitted.

B. Further Assurances

In addition to all other rights and remedies it may have, within five days of County request CONTRACTOR will provide reasonable assurances that it can timely and fully meet its obligations under this CONTRACT in any or all of in the following events:

- CONTRACTOR does not regularly pay its bills when due, or
- The entering of any judgment against CONTRACTOR or any Guarantor with respect to Criminal Conduct by CONTRACTOR or Guarantor.

“Assurance of Performance” means any or all of the following actions, as COUNTY requests:

EXHIBIT 3A1 – Collection Services

A. Scope of Collection Services

The CONTRACTOR shall provide Collection Services to all Premises of County Commercial Franchise Customers in the Service Area(s), in accordance with Section 1 Grant of Rights and Privileges and per the Collection method indicated by the CONTRACTOR and approved by the Director.

CONTRACTOR must provide all Customers that are subject to this CONTRACT the Minimum Default Solid Waste Collection Service which includes an automatic subscription of Refuse, Recyclables, and Organic Waste Collection Services, unless the Director approves an alternate Collection method.

If the COUNTY issues waivers/exemptions to Customers as specified in Section 1B, (Exclusions from Service) in this CONTRACT, the CONTRACTOR will not be required to provide Collection Services for the excluded material type. CONTRACTOR shall assist COUNTY with Customer waiver/exemption requests as specified in Section J2.

CONTRACTOR must provide Collection Services to Premises of the following:

1. County Commercial Franchise Customers

a. Commercial Businesses

The CONTRACTOR shall provide such services to all Commercial Businesses regardless of whether the Customer utilizes Cart and/or Dumpsters for Collection. However, the Director in its sole discretion may allow the Authorized Residential Franchise Waste Hauler to service a Commercial Business Customer with all Carts if Director finds such service would be more efficient or cost-effective.

b. Multifamily Premises (5 Units or More)

CONTRACTOR shall provide such services to Multifamily Premises (5 Units or More) including mobile home parks that have Carts service per individual unit and no Dumpsters. The Authorized Residential Franchise Waste Hauler shall be the default service provider for Multifamily Premises (4 Units or Less).

c. Multifamily Premises with Carts and Dumpsters Services

The CONTRACTOR shall provide such services to Multifamily Premises Including a Homeowner's Association (HOA) that selects to utilize Carts for individual tenants and Dumpster Containers for common areas onsite.

d. Residential Premises with Dumpster Services

The CONTRACTOR shall provide such services to all Residential Premises who utilize Dumpster Collection Services for Refuse, Recyclables, and/or Organic Waste. This may include Residential Premises that have Manure-only Dumpster services. Additionally, Customers who are being serviced under the Residential Franchise contract (Single Family and Multifamily of 4 Units or Less) that have Carts for Collection Services but only utilize Dumpsters for Manure Collection only, can receive Manure Collection Services by either the Authorized Commercial Franchise Waste Hauler or the Authorized Residential Franchise Waste Hauler. This provision also applies to Residential Premises operating a business on the property.

2. Collection Methods

Collection methods must be in compliance with Article 3, Section 18984 of SB 1383 regulations. The Director at its sole discretion may require the CONTRACTOR to implement any Collection method as indicated in Forms PW-2 and PW-3 Schedule of Prices.

Upon Contract Execution of this Contract, CONTRACTOR shall provide the Two-Container (Black and Green Container) Collection method to its Customers as approved by the Director. Additionally, CONTRACTOR shall utilize the PW-3 Schedule of Prices for Two-Container (B) Trash mixed with Recyclables (Black Container) and shall utilize the PW-2 Schedule of Prices for Organic Waste (Green Container) rates.

Every Customer will be provided a black Container that will collect both Refuse and Recycling materials together and a green Container that will collect Organic Waste only. The minimum base rate for Refuse includes the equivalent of a 64-gallon cart of weekly Organic Waste Collection Service per Customer at no additional charge unless the Customer requires service beyond the minimum. Any additional Containers are available for an additional cost.

All Collection methods and Processing facilities must be approved by the COUNTY and shall meet requirements set forth under item D1, CONTRACTOR Solid Waste Designated Facility in this Exhibit.

3. Commercial, Multifamily, and Residential Collection Services

CONTRACTOR shall provide the Minimum Default Collection Service for the Collection of Solid Waste (Refuse, Recyclables, and Organic Waste) to all County Commercial Franchise Customers including to some applicable

Residential Customers that utilize Dumpster services for the Collection of Solid Waste.

The Service Rates Schedule in Attachment 7-2 of Exhibit 7 includes the uniform rates that shall be applied to all Customers in each CONTRACTOR designated Service Area.

The Minimum Default Collection Service includes a minimum base rate for the level of service for Refuse which is agreed upon by the Customer and CONTRACTOR and shall be charged accordingly to the rates set forth in the Service Rates Schedule in Attachment 7-2 of Exhibit 7. The Refuse rate will automatically include a 64-gallon Cart of weekly Organic Waste Collection and a 96-gallon Cart of weekly Recyclables Collection Service per Customer, both at no additional charge unless the Customer requires service beyond the minimum. It is anticipated that Occupants would use the Container to regularly transfer Food Waste from their kitchen to the designated Collection Container (e.g., green and/or black container) and eliminate the need for a plastic bag. While the first Food Waste Container is to be provided at no additional charge, CONTRACTOR must allow the purchase of additional Containers for the fee indicated in Exhibit 7, Attachment 7-2, Extra Services Fees. CONTRACTOR may request approval from the Director to not provide in-home Food Waste Containers if selected Collection Method does not include Source Separating Organic Waste.

b. Use of Plastic Bags for Organic Waste

Customers may increase the frequency of their Collection for an additional charge as indicated in the Service Rates Schedule in Attachment 7-2 of Exhibit 7.

d. *Collection Schedule*

CONTRACTOR shall follow the approved Collection schedule for the Service Area on the Service Days as indicated on the Collection schedule in Contractor Documentation in Exhibit 17 (Collection Schedule), or other schedule approved by Director if it significantly improves efficiencies.

- Thanksgiving Day
- Christmas Day

Collection shall be delayed one day for the Holiday and the remainder of the Holiday week. CONTRACTOR may Collect on Saturday of the same week for Residential Customers and Occupants and on Sunday for Commercial Customers and Occupants.

to the extent that the Container cannot be safely lifted, where Container contents will not empty after tipping, and/or are blocked or inaccessible, the CONTRACTOR shall follow the Container Non-Collection Procedure set forth below. All reasons for not performing Collection Services shall be documented or shall be treated as a missed Collection and will be subject to the associated Liquidated Damages in Exhibit 12-D2.

Manure Collection Containers may be provided in any color, provided that it does not conflict with SB 1383 Container color requirements and is uniform throughout the CONTRACTOR'S Service Area. All Collection Container colors shall be approved by the Director prior to usage. Pictures of Container colors shall be provided to the Director upon request.

CONTRACTOR may also comply with this Section by providing a Container or Containers to its Customers that are split or divided into segregated sections, instead of an entire Container, as long as the lids of the separate

sections of a split Container comply with the Container color requirements and material limitations specified in Section 18984 of SB 1383.

Notwithstanding this subsection, the CONTRACTOR is not required to replace functional Containers, including Containers purchased prior to January 1, 2022 (or date specified in 14 CCR Section 18984.7, whichever date is later), that do not meet the following color requirements prior to the end of the useful life of those Containers or prior to January 1, 2036, whichever comes first. All Container labels and signage are subject to Director approval, which shall not be unreasonably withheld.

7. Delivery, Removal, and Exchanges

Within seven calendar days after receiving a Customers or Occupant's request for commencement or changes in Collection of Solid Waste, CONTRACTOR shall deliver Container of the Customer or Occupant's

requested capacity or replace existing Container with substitute Containers of the Customer or Occupant's requested capacity. CONTRACTOR shall not charge a fee according to the following:

a. *Starting or Stopping Service*

CONTRACTOR shall not charge for delivery or removal of Containers upon starting or terminating service.

b. *One Annual Exchange of Containers*

CONTRACTOR shall exchange one or more Containers for one or more Containers of a different size if requested by Customer or Occupant once each Calendar Year at no extra charge.

c. *Multiple Exchanges of Container(s)*

If a Customer asks CONTRACTOR to exchange Container(s) more than once each Calendar Year as described in item b above, CONTRACTOR may charge Customer the amount provided in Attachment 7-2, Extra Service Fees of Exhibit 7.

CONTRACTOR shall inform Customer of the fee prior to the exchange and give Customer the option of waiting for the exchange until the next Calendar Year to avoid the charge unless waiting will have a significant impact on their Recycling or Organic Waste Diversion.

d. *Removal of Carts or Dumpsters Stored in the Public Right-of-Way*

The storage of Solid Waste is not allowed within the public right-of-way. Containers left out after Collection may be an eyesore for the community, a threat to public health, and a nuisance to traffic.

(1) *Third-Party Containers*

At the request of Director, for Containers not owned by CONTRACTOR, CONTRACTOR shall, at no charge to COUNTY or Customer:

- Remove any container, including Carts, Dumpsters and roll-off bins that COUNTY deems abandoned, within two Service Days of request.
- Arrange for the Disposal or Diversion of Solid Waste within the container.

- Reuse, Recycle, or resell container.
- Notify Director to confirm removal.

(2) CONTRACTOR's Containers

At the request of Director, for Containers owned by CONTRACTOR, CONTRACTOR shall, at no charge to COUNTY:

Warn

- Tag Containers with a warning Notice that Solid Waste may not be stored in the right-of-way and the further leaving out of the Containers may result in their removal and a fee to return them.

Remove Container (only upon further direction from Director)

- Provide dated photographs of Containers and make available to Customer and Director, upon request.
- Remove any Cart or Dumpster from the Right-of-Way, within two Service Days.
- On the same day as removal, contact Occupant and Customer by telephone and by text or e-mail to notify them of the removal, the reason for it, and how to have it returned.

Note that this surcharge may be increased by 25 percent for each additional occurrence within the past, rolling 12 months. For example, if the first time the fee was \$20, one month later it would be \$25, three months after that would be \$31.25, but 14 months later it would be back to \$20 (or whatever the current Basic Service Rate is with applicable rate adjustments).
- Charge an additional surcharge, as provided in Attachment 7-2, Extra Services Fees of Exhibit 7, if the Set-Out Site contains Solid Waste that CONTRACTOR places inside Containers upon their return.

Return

- Return Container(s) to Occupant within two service days of Customer's willingness to pay the return fee, such as having it added to the next monthly bill.

Notify Director

- Notify Director of the status of removals, payment of surcharges, and the return of Containers.

8. Repair and Replacement

a. *Identification/Reporting*

CONTRACTOR shall repair or replace damaged Containers that it observes are damaged when providing service and upon request from Director, Customer, or Occupant.

b. *Fee*

CONTRACTOR will repair or replace Containers without cost, except in the circumstances below. CONTRACTOR may charge the Customer for the actual cost of repair or replacement of Containers when:

- A Container is missing but Customers or Occupants do not report the theft of the Container to the police.
- The Container is damaged due to Occupant negligence such as disposing of hot ashes inside the Container or over-filling the Container so that lifting it damages the Collection Vehicle. Director's determination of Occupant negligence is final.

c. *Repair or Replacement*

CONTRACTOR shall repair or replace damaged Containers within two Service Days after CONTRACTOR observes the damaged Container or when requested by Director, Customer or Occupant. "Damage" includes missing or inoperable lids.

9. Inventory

CONTRACTOR shall maintain an adequate inventory of Containers and lids of each type and capacity to provide Customers and Occupants replacements within two Service Days of request. When determining adequacy, CONTRACTOR shall consider the nature of Set-Out Sites. For example, Carts and/or Dumpsters placed on unlevel Set-Out Sites, such as in mountainous areas without curb and gutter, may be damaged more frequently than those placed in level Set-Out Sites. Therefore, CONTRACTOR must maintain a larger inventory of Carts and Dumpsters for those areas.

CONTRACTOR shall notify Director if inventory is inadequate, including an explanation of why inventory dropped below the two-Service Day standard as mentioned in subsection 8c of this Section. For example, CONTRACTOR might submit its timely order for Containers but receive them later than manufacturer originally represented due to manufacturer's backlog or other delay.

10. Container and/or Cart Lids Purchase Option

Upon expiration of this Collection CONTRACT, COUNTY may purchase some or all entire Containers' bodies with lids, or only Cart lids, or both, at a price equal to the then book value of amortized on a straight-line basis over ten years beginning on the Execution Date. COUNTY's option includes both Containers and Cart lids then used by Customers and any in storage or in inventory as indicated in subsection 9. CONTRACTOR shall transfer or assign to COUNTY all rights necessary to give COUNTY ownership, possession and use of Containers and lids COUNTY is purchasing, including under any Containers and lid acquisition agreement, installment sale agreement, or lease.

11. Manure Service

CONTRACTOR shall offer Manure Collection Services to Customers and shall bill the Customer as provided in the Attachment 7-2, Extra Services Fees of Exhibit 7.

12. Bear Resistant Containers

Upon Customer request, CONTRACTOR shall offer bear-resistant Carts and Dumpsters. CONTRACTOR may charge for this additional service as listed in Attachment 7-2, Extra Services Fees of Exhibit 7.

13. Green Waste Containers

Upon Customer request, CONTRACTOR shall offer Green Waste only Carts and Dumpsters. CONTRACTOR may charge for this additional service as listed in Attachment 7-2, Extra Services Fees of Exhibit 7.

If a Customer has landscaping service, separate Green Waste only Collection Container, or generates no Green Waste then such Green Waste material does not have to be included in the Organic Waste Container.

14. Alternative Container Sizes

If a Customer or Occupant requests alternate Container sizes, CONTRACTOR shall provide the type of Containers described in

Contractor Documentation in Exhibit 17. For the purposes of this CONTRACT, Carts with a capacity between 95 and 100 gallons are equivalent to 0.5 cubic yards. CONTRACTOR shall provide the number of alternative Containers having the same aggregate capacity as CONTRACTOR would have provided to that Occupant. For example:

- Three 32-gallon Carts instead of one 96-gallon Cart.
- One 64-gallon Cart and one 32-gallon Cart instead of one 96-gallon Cart.

D. Solid Waste Transportation, Processing, Diversion, and Disposal

1. CONTRACTOR-Designated Solid Waste Facilities

CONTRACTOR shall transport Solid Waste only to the Solid Waste Facility or Facilities that CONTRACTOR has designated in Contractor Documentation in Exhibit 17, for Processing, Diversion, or Disposal or those facilities as directed by Director in subsection 6 below.

The CONTRACTOR shall select Solid Waste Facilities solely in its discretion, including transfer stations and material recovery facilities, composting and Disposal facilities. CONTRACTOR shall notify COUNTY of the Solid Waste Facilities that CONTRACTOR chooses for each respective type of Solid Waste (Refuse, Recyclables, Organic Waste, Manure, Bulky Items, and E-waste). For Construction and Demolition Debris, CONTRACTOR shall only utilize facilities approved by the COUNTY for Processing Construction and Demolition (C&D) Debris. All facilities utilized by the CONTRACTOR must be approved by the COUNTY as designated in Contractor Documentation in Exhibit 17. Additionally, CONTRACTOR shall allow the County at its own expense to conduct a third-party verification for Recyclables Recovery Rate of Solid Waste Facilities and materials recovery facilities utilized. The County will provide the CONTRACTOR a one week notice with scheduling options for CONTRACTOR to select for what is best for their operation. COUNTY may utilize CalRecycle's facility diversion audits if available in efforts to meet this requirement.

CONTRACTOR may designate a Solid Waste Facility or Facilities that utilizes Conversion Technology or provides feedstock to Conversion Technology facilities. Prior to any change in designated facilities, CONTRACTOR must provide Notification to Director for approval of change. Failure to receive approval from Director will result in rate adjustments being calculated based on the less expensive of the existing and previous facility. Director will review information such as fees, distance, Recycling rates, ability to Recycle Solid Waste.

If CONTRACTOR requests to take Solid Waste to a facility that charges more, Director may approve such requests without authorizing the CONTRACTOR to pass the increased cost to the Customer. At the Director's discretion, some or all the increased costs may be passed to the Customer under special circumstances such as changing Organic Waste Diversion from a cheaper but poorly managed composting facility to a highly efficient and closer anaerobic digestion facility that is more expensive.

2. **Backup Disposal Facility**

a. COUNTY Direction

If the Disposal facility is not accepting permitted waste, upon COUNTY approval CONTRACTOR will transport permitted waste to a backup Disposal facility identified by the COUNTY.

b. Transport Fee

The COUNTY will pay the CONTRACTOR the following transport fee for transporting permitted waste from the transfer station to the backup disposal facility for longer haul or CONTRACTOR shall decrease rates for shorter haul as described below:

(1) Transport Fee Schedule lists both of the following amounts:

- (a) Price for transporting one ton of waste for one mile ("X.XX / ton-mile") as listed in Exhibit 7, Attachment 7-2, Schedule of Prices, and
- (b) The number of round-trip miles from the transport station to the Disposal facility ("# primary Disposal facility-miles").

The number of miles is calculated on the shortest route on which CONTRACTOR can transport waste, for example, roads that support the weight of the loaded waste transport trucks.

- (c) **Longer Haul.** If the backup Disposal Facility is farther from the transfer station than is the primary Disposal facility, then the transport service fee will be increased as follows to reflect the additional transport miles:

$\$X.XX$ [INSERT FROM PROPOSAL] transported tons
 X increased miles = $\$X.XX$.

(d) **Shorter Haul.** If the back-up primary Disposal Facility is closer to the transfer Station than is the primary Disposal facility, then the transport service fee will be decreased to reflect the reduced transport miles as follows:

\$X.XX [INSERT FROM PROPOSAL] transported tons
X decreased miles = \$X.XX.

3. Facility Standards

Director reserves the right to review documentation and inspect facilities in the future and not allow use of facilities that do not meet Director's satisfaction.

4. Processing Facility for E-Waste

CONTRACTOR shall utilize a Processing Facility to Recycle and dismantle all E-waste that it Collects into materials that meet commercial standards for marketable commodities such as metals, plastic, and glass in a facility that operates within the United States. CONTRACTOR shall not ship or utilize a Processing Facility that ships any other E-waste or E-waste components outside the United States. CONTRACTOR shall demonstrate compliance with this subsection in the form of an affidavit from the proposed E-waste recycler.

5. Processing Facility Temporary Equipment or Operational Failure Waiver

a. Notification to the County

The CONTRACTOR, or their Subcontractor (such as a Facility operator), shall notify the COUNTY immediately of any unforeseen operational restrictions that have been imposed upon the designated Solid Waste Facility by a regulatory agency or any unforeseen equipment or operational failure that will temporarily prevent the designated Solid Waste Facility from Processing and recovering different types of Solid Waste such as Recyclables, Organic Waste and Mixed Waste.

The CONTRACTOR or Subcontractor shall notify the COUNTY immediately from the time of the incident. The notification shall include the following: (i) name of designated Solid Waste Facility; (ii) the Recycling and Disposal Reporting System Number of the designated Solid Waste Facility; (iii) date the designated Solid Waste

Facility became unable to Process Recyclables, Organic Waste and Mixed Waste; (iv) description of the operational restrictions that have been imposed upon the designated Solid Waste Facility by a regulatory agency or unforeseen equipment failure or operational restriction that occurred; (v) the period of time the CONTRACTOR anticipates the temporary inability of the designated Solid Waste Facility to Process Recyclables, Organic Waste, or Mixed Waste; (vi) CONTRACTOR's proposed action plan to deliver materials to an Alternative Solid Waste Facility for Processing (Contractor Documentation in Exhibit 17) or CONTRACTOR's request for a waiver to deliver Recyclable, Organic Waste, or Mixed Waste to the designated Solid Waste Disposal Facility.

b. Use of Alternative Facility or Waiver for Disposal of Materials

Upon notification by CONTRACTOR or Subcontractor of the designated Solid Waste Facility's inability to Process materials, COUNTY shall evaluate the notification and determine if County shall require CONTRACTOR to use an alternative Solid Waste Facility or allow the CONTRACTOR to Transport Recyclables, Organic Waste, or Mixed Waste to the designated Solid Waste Facility for Disposal on a temporary basis for a time period specified by the COUNTY. Upon COUNTY's decision, the COUNTY shall notify the CONTRACTOR of its requirement to use an alternative Solid Waste Facility for Processing or to use the designated Solid Waste Facility for Disposal, and the period of time that the COUNTY will allow Recyclables, Organic Waste, or Mixed Waste to be redirected to the alternative Solid Waste Facility or designated Solid Waste Disposal Facility.

Pursuant to 14 CCR Section 18984.13, the approved Disposal period shall not exceed ninety (90) days from the date the Designated Facility's Processing restriction or failure commenced. In such case, the CONTRACTOR must receive written permission from the COUNTY prior to depositing any Discarded material in a landfill.

CONTRACTOR shall maintain a record of any designated Solid Waste Facility incidents and report this information to the COUNTY in accordance with Section 10 Reports.

6. County Designation of Facility

Director reserves the right to direct Solid Waste to a specific site or facility. COUNTY will compensate CONTRACTOR for any direct costs, if any, such as increased tipping fees and transportation costs which CONTRACTOR incurs as a result of the delivery of materials to a COUNTY-designated Solid Waste Facility instead of to the Solid Waste Facility selected by

CONTRACTOR. CONTRACTOR must submit verifiable evidence demonstrating increased costs.

If CONTRACTOR had been using a CONTRACTOR owned facility before being redirected to a different facility, Director will not compensate CONTRACTOR for any lost profits incurred by the CONTRACTOR as a result of being redirected to a different facility. In addition, Director will not compensate CONTRACTOR for any losses incurred to the extent that it had any general obligations to provide a minimum Tonnage to a facility (often referred to as put or pay) but will compensate CONTRACTOR for additional out-of-pocket costs directly resulting from an obligation agreed to specific to this contract. For example, if CONTRACTOR signed an agreement to bring 100,000 tons per month of Refuse to Landfill X, Director will not compensate the CONTRACTOR for redirecting waste under this contract to a different facility. But if CONTRACTOR had agreed to bring 1,000 tons of Refuse from this Service Area to Landfill X, Director will compensate CONTRACTOR for additional out-of-pocket costs that CONTRACTOR incurs as a direct result of being redirected to a different facility.

E. Diversion

1. Reasonable Business Efforts to Divert

CONTRACTOR shall use Reasonable Business Efforts to Divert all Solid Waste that it Collects including Recyclables, Organic Waste, Manure, Bulky Items and E-waste.

2. Changes in Materials

Director may add or delete Recyclable and Organic Waste materials from the definition upon Notice to CONTRACTOR and taking into consideration that the applicable facility where such Recyclables or Organic Waste are delivered by CONTRACTOR accepts such materials added by the Director. CONTRACTOR shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a DVBE.

CONTRACTOR shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, Report, or other representation, to a COUNTY official or employee for the purpose of influencing the certification or denial of certification of any entity as a DVBE.

2. Chapter 2.202 of County Code

CONTRACTOR is hereby notified that, in accordance with Chapter 2.202 of County Code, if COUNTY acquires information concerning the performance of CONTRACTOR on this or other contracts which indicates that CONTRACTOR is not responsible, COUNTY may, in addition to other remedies provided in this CONTRACT, debar CONTRACTOR from bidding or proposing on, being awarded, and/or performing work on COUNTY contracts for a specified period of time, which generally will not exceed 5 years but may exceed 5 years or be permanent if warranted by the circumstances, and suspend or terminate any or all existing contracts CONTRACTOR may have with COUNTY.

- b. Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. CONTRACTOR and/or CONTRACTOR's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, Contractor Hearing Board will prepare a tentative proposed decision, which shall contain a recommendation regarding whether CONTRACTOR should be debarred, and, if so, the appropriate length of time of the debarment. CONTRACTOR and Public Works shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board of Supervisors.
- c. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of Contractor Hearing Board shall be presented to the Board. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of Contractor Hearing Board.
- d. If a CONTRACTOR has been debarred for a period longer than five years, that CONTRACTOR may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. COUNTY may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that CONTRACTOR has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of COUNTY.

Such monitoring will include assessing CONTRACTOR's compliance with all this CONTRACT's terms and conditions and performance Standards. CONTRACTOR deficiencies which COUNTY determines are significant or continuing and that may place performance of this CONTRACT in jeopardy, if not corrected, will be reported to the Board. The Report will include improvement/corrective action measures taken by COUNTY and CONTRACTOR.

In addition, CONTRACTOR shall be required to provide each of the specified Subcontractor Local Small Business Enterprise (SBE), Disabled Veteran Business Enterprise (DVBE), and Social Enterprise (SE) status (i.e., whether any of the listed Subcontractors are Local SBE's) and the proposed monetary amount of the work the Subcontractor will perform on each Notice to Proceed. At the time of submittal of each invoice, CONTRACTOR shall indicate, via methods specified by COUNTY, the actual dollar amounts paid to each listed Subcontractor who performed work on the project. The Subcontractor may be requested to confirm receipt of the actual payment to the Subcontractor by the prime.

The Parties agree that it will be impracticable or extremely difficult to fix the extent of actual damages resulting from the failure to CONTRACTOR to comply with this Section. The Parties will agree that under the current circumstances a reasonable estimate of such damages is specified in Exhibit F, Performance Requirements Summary, and that CONTRACTOR shall be liable to COUNTY for said amount.

If in the judgment of Director, or his/her designee, CONTRACTOR is deemed to be in non-compliance with the terms and obligations, Director or his/her designee, at his/her option, in addition to, or in lieu of, other remedies provided in Exhibit F, Performance Requirements Summary, may deduct and withhold liquidated damages from COUNTY's final payment to CONTRACTOR.

If a CONTRACTOR or member of CONTRACTOR's staff is convicted of a human trafficking offense, COUNTY shall require that CONTRACTOR or member of CONTRACTOR's staff be removed immediately from performing services under the CONTRACT. COUNTY will not be under any obligation to disclose confidential information regarding the offenses other than those required by law.

Disqualification of any member of CONTRACTOR's staff pursuant to this paragraph shall not relieve CONTRACTOR of its obligation to complete all work in accordance with the terms and conditions of this CONTRACT.

R. Method of Payment and Required Information

The County may, at its sole discretion, determine the most appropriate, efficient, secure, and timely form of payment for any amounts due for goods and/or services provided under a Contract with the County. Proposers/Contractors further agree that the default form of payment shall be EFT or direct deposit, unless an alternative method of payment is deemed appropriate by the A-C.

Upon Contract award and at the request of the A-C and/or Public Works, the Contractor shall provide the A-C with electronic banking and related information for the Contractor and/or any other payee that the Contractor designates to receive payment pursuant to this Contract. Such electronic banking and related information includes, but is not limited to: bank account number and routing number, legal business name, valid taxpayer identification number or TIN, a working e-mail address capable of receiving remittance advices and other payment related correspondence, and any other information that the A-C determines is reasonably necessary to process the payment and comply with all accounting, recordkeeping, and tax reporting requirements.

Any provision of law, grant, or funding agreement requiring a specific form or method of payment other than EFT or direct deposit shall supersede this requirement with respect to those payments. Upon Contract award or at any time during the duration of the Contract, a Contractor may submit a written request for an exemption to this requirement. Such request must be based on specific legal, business or operational needs and explain why the payment method designated by the A-C is not feasible and an alternative is necessary. The A-C, in consultation with Public Works, shall decide whether to approve exemption requests.

S. Compliance with Fair Chance Employment Practices

Contractor shall comply with fair chance employment hiring practices set forth in California Government Code Section 12952, Employment Discrimination: Conviction History. The contractor further acknowledges that the County strives to provide a workplace free from

discrimination, harassment, retaliation and inappropriate conduct based on a protected characteristic, and which may violate the CPOE. The Contractor, its employees and Subcontractors acknowledge and certify receipt and understanding of the CPOE. Failure of the Contractor, its employees or its Subcontractors to uphold the County's expectations of a workplace free from harassment and discrimination, including inappropriate conduct based on a protected characteristic, may subject the Contractor to termination of contractual agreements as well as civil liability.

U. Contractor Independence

A Contractor or its subsidiary or Subcontractor (Contractor), is prohibited from submitting a bid or proposal in a County solicitation if the Contractor has provided advice or consultation for the solicitation. A Contractor is also prohibited from submitting a bid or proposal in a County solicitation if the Contractor has developed or prepared any of the solicitation materials on behalf of the County. A violation of this provision shall result in the disqualification of the Contractor from participation in the County solicitation or the termination or cancellation of any resultant County contract. This provision shall survive the expiration, or other termination of this CONTRACT.

V. Contractor Alert Reporting Database (CARD)

The County maintains databases that track/monitor Contractor performance history. Information entered into such databases may be used for a variety of purposes, including determining whether the County will exercise a contract term extension option.

W. Federally Funded Work

This provision will apply when federally funded or potentially federally funded work is needed by County. In accordance with Federal Executive Order 12549 and 12689 (Debarment and Suspension), individuals or entities that have been debarred by the Federal government may not receive work under this Contract as a Contractor or Subcontractor. Contractors and/or Subcontractors listed on the governmental exclusions in the System for Award Management (SAM) are not eligible to receive federally funded work under this contract. Federal agencies to participate in federally funded projects. For your reference, a List of Debarred Contractors by U.S. Department of Labor's (DOL) Office of Federal Contract Compliance Programs (OFCCP) may be obtained by going to the following website: <https://www.sam.gov/portal/SAM/>.

If the Contractor is listed on the governmental exclusions in the System for Award Management (SAM) as a party excluded or ineligible by Federal agencies to participate in federally funded projects, then said Contractor will not be offered the work. The Contract Manager will notify the Contractor of their negative standing in the SAM. The Contract Manager will also notify the Contractor of their ineligibility to receive any federally funded work under this contract, until the Contractor is able to satisfactorily correct the issue. The Contractor shall notify the Contract Manager when the Contractor has corrected their negative standing in the SAM, and the Contractor is no longer listed on the governmental exclusions in the SAM.

If the Contractor is **not** listed on the governmental exclusions in the System for Award Management (SAM) as a party excluded or ineligible by Federal agencies to participate in federally funded projects, Public Works may offer said Contractor the federally funded work.

EXHIBIT 7 – Rate Adjustments

A. Service Rates Schedule

CONTRACTOR shall charge Service Rates (Customer Service Rates) in amounts less than or equal to the Service Rates set forth in the Service Rates Schedule in Attachment 7-2 of this Exhibit.

1. Time, Conditions, Changes

a. *Annual Adjustments*

(1) Annual CPI Calculation:

Beginning at least 6 months after the Commencement Date, Director will adjust the Service Rates each July 1 based on the percentage change in the average annual published CPI, for Trash and Garbage Collection (CUUR0000SEHG02), U.S. City average, as published by the United States Department of Labor, Bureau of Labor Statistics. The annual change is a comparison of the average monthly rate for the two previous Calendar Years.

A minimum of 6 months must elapse between Commencement Date and July 1 of the current year. The CPI component of the Service Rate will be the percent change, if any, between the following:

- The monthly average CPI during the 12-month period commencing March 1 of the previous year to the last day of February of the current year, and
- The monthly average CPI during the 12-month period commencing March 1 of the prior previous year to the last day of February of the previous year.

For example, a contract that started April 1, 2021, will not be eligible for a Rate Adjustment for CPI on July 1, 2021. On July 1, 2022, the Rate Adjustment would compare March 1, 2021 through February 28, 2022, to March 1, 2020 through February 28, 2021.

The index to be used is the Consumer Price Index for Trash and Garbage Collection (CUUR0000SEHG02), U.S. City average, as published by the United States Department of Labor, Bureau of Labor Statistics at <https://beta.bls.gov/dataViewer/view/timeseries/CUUR0000SEHG02>.

b. Adjustments at Any Time

If CONTRACTOR requests Director by Notice or Director Notifies CONTRACTOR at any time, following agreement with CONTRACTOR, the Director may adjust the Service Rates in either of the following events, subject to changes in Refuse Disposal or Organic Waste Diversion in subsection A3, and limitations in A5:

(1) Changes in Law

Change in CONTRACTOR's Direct Costs of providing Contract Services due to Changes in Law. Any adjustment in the Service Rate due to a Change in Law by the State is not included in the Maximum Rate Adjustment in subsection 3.

(2) Changes in Scope of Service

CONTRACTOR's Direct Costs of providing Contract Services due to changes in Contract Services or Standards.

(3) Extraordinary Circumstances

Change in CONTRACTOR's Direct Costs of providing Contract Services due to unforeseeable events.

c. No Adjustment

Service Rates will not be adjusted:

- During any of the six possible one-month extensions under item A3 of Section 2.
- If there are any uncured Breaches.
- For any slight increase or decrease in Customers due to inaccuracies in Customer data and Service Area boundaries.

2. Rounding

All calculations are rounded to the nearest 1/100th decimal place (for example, 10.9656 percent to 10.97 percent, or 10.9637 percent to 10.96). The decimal 5 is rounded up (for example, 10.965 percent to 10.97 percent). Adjustments in Service Rates are rounded to the nearest penny (for example, \$25.34).

3. Maximum Rate Adjustment

Adjustments to the Service Rates cannot exceed the percentages in the following table, except for changes due to acts of the State in item A1b(1) of this exhibit:

Contract Period (on July 1)*	Maximum Adjustment**
Years 0 to 0.5 (Less than 6 months from Commencement Date to July 1)	0 percent
Years 0.5 to 10 (July 1 to the scheduled Termination Date under Section 2)	5 percent
3-Year / Extension #1, if any (July 1 of any first 3-year extension to June 30 on the extended Termination Date)	5 percent
3-Year / Extension #2, if any (July 1 of any 3-year extension to June 30 further extended Termination Date)	5 percent
3-Year / Extension #3, if any (July 1 of any 3-year extension to June 30 further extended Termination Date)	5 percent
Six 1-month extensions, if any	No Change
Any time (Changes in direct costs due to Change in Law by the State)	Actual Direct Costs

- * Rate Adjustments due to Changes in Laws or Contract Services under subsection A1 above may be implemented at any time during the Term.
- ** Any change in Service Rates for direct costs due to Changes in Law promulgated by the State in item A1b(1) of this exhibit are not included in the percentage calculations of the Maximum Cumulative Service Rate Adjustment. They are added to the percentage calculations.

For example, during the first ten years of the CONTRACT, the Service Rate could increase 35 percent plus an additional amount due to an increase of \$4 per Ton on the State-mandated Disposal fee.

4. Customer 30-Day Notice

CONTRACTOR shall provide all Customers a minimum of 30-days written Notice of the implementation of changes in any Customer Service Rates.

5. Adjustment Limitations

No adjustment will be effective until Notice thereof has been provided by COUNTY to the Board of Supervisors.

Service Rates will be adjusted only if there are no uncured Breaches.

If CONTRACTOR and Director fail to reach an agreement to adjust the Service Rates because of Changes in Law or changes in Contract Services or Standards described below, COUNTY will have the option to not adjust the rate for changes in law, changes in scope of service, or extraordinary circumstances for the upcoming Fiscal Year.

6. Services Eligible for Adjustment

a. Customer Service Rates (CPI)

b. Customer Extra Services Fees (CPI)

B. Discontinued Indices

If a price or index is discontinued on the date of adjustment, the last available price or index for the required period (such as Calendar Year or another 12-month period) will be used, or other index as determined by Director.

The undersigned Proposer offers to perform the work described in the Request for Proposals (RFP) for the following price(s). The Proposer rate(s) (hourly, monthly, etc.) shall include all administrative costs, franchise fees, labor, supervision, overtime, materials, transportation, taxes, equipment, and supplies unless stated otherwise in the RFP. The Proposer understands and agrees that the quantities set forth in the Schedule of Prices by the County are only estimates based on current hauler submittals. Any unit prices quoted by the Proposer in this Schedule of Prices will apply to the actual quantities of work. The Proposer may use the estimates to develop its cost and rate proposal. The Proposer understands and agrees that each of the Service Areas have different Customer counts. County makes no representation or warranties of any kind, expressed or implied, as to the accuracy of the information set forth in the Schedule of Prices. County will not be liable for any damages or loss of any nature, including, but not limited to, lost profits, resulting from the estimates provided by the County. Proposer agrees to indemnify and hold the County harmless with respect to any issues, disputes, claims, lawsuits resulting from the estimates provided by the County in this solicitation, and in particular, as set forth in the Schedule of Prices. It is the responsibility of the proposer to undertake, at its sole cost, any verification of any and all information necessary for the preparation and submittal of a response to this RFP.

It is the County's sole discretion to select the collection method for each Service Area after receipt of all proposals. The County's selected collection method may not be the lowest cost collection method. The County may consider factors including but not limited to, cost per cubic yard, readiness to implement, regulatory compliance, and waste diversion potential, when deciding upon a collection method for each Service Area.

Instructions: Proposer shall enter proposed monthly rates in the blue boxes below. Proposer must submit a proposal/bid for each collection method: Three-Container, Two-Container and One-Container collection methods. Failure to do so may result in the proposal/bid being rejected as nonresponsive. All proposers should include the 14% franchise fee in their proposed rates. Proposers shall not change the numbers in Column D- Estimated No. of Collections per Week. Column E will auto calculate the Proposed Annual Amount for each service. The Proposed Total Annual Amounts for Collection Services of the County selected collection method will be used for the evaluation evaluated. Proposer is responsible for ensuring accuracy of calculations.

If Proposer does not currently offer the One-Container and Two-Container collection methods, Proposer shall input rates utilizing the facility tipping fee of a potential development of a High Diversion Organic Waste Processing Facility (HDOWPF) located in South Gate which will process Mixed Waste (Refuse and Organic Waste) at \$105 per ton, – OR – another High Diversion Organic Waste Processing Facility of Proposer's choosing with a reasonably similar tipping fee, location, and diversion rate that is in compliance with SB 1383 regulations as defined in 14 CCR Section 18982(a)(33). Proposer may also include in their proposal, an option to provide One-Container or Two-Container Collection Services for select Customers so long as the Proposer's proposal indicates how the results would provide similar diversion and cost effectiveness.

EXHIBIT 16 – Contract Service Area Information

- A. Maps
- B. Service Areas Data Information
- C. Outreach

16.A.1- Map of Exclusive Commercial Franchise Service Areas

EXCLUSIVE COMMERCIAL FRANCHISE AGREEMENT SERVICE AREA

Service Areas Description:

The distribution of the zones balances the geography – in a rather contained capacity, as evident by the color grouping – with the total service accounts and service levels, emphasizing the latter.

The average size (and services) of the territories, which resulted in eight (8) zones, was based on Customer data, as determined to be appropriate capacity for waste haulers, though this is done with a greater emphasis on larger waste volumes to enable investment in Processing infrastructure.

This resulted in a natural variation among the Service Areas by size and services, which allows for different waste haulers to apply for a Service Area(s) based on their own operational capacities. Some Service Areas are intended to remain smaller to ensure viability for small waste haulers.

Foothills and San Gabriel Valley West Service Areas are the two (2) designated smaller Service Areas that have substantially lower total weekly service levels than the other six (6) Service Areas.

16.B.1- Exclusive Commercial Franchise Service Areas Data

The data provided by the existing Non-Exclusive Commercial Franchise (NECF) solid waste haulers was extracted to fit within each Service Area.

This data enabled COUNTY to compile a recent history of the Solid Waste Tonnage, and number of accounts and service levels from 2019 in the Communities that compose the new Exclusive Service Areas:

Projected 2022 Service Levels

COUNTY contracted for an independent analysis of all 2019 accounts located in the eight (8) identified Service Areas to project new service levels for all accounts to have a Three-Container system of Refuse, Recycling and Organic waste. The accounts were further organized into three (3) sectors: Commercial, Multifamily and Residential. The projected service levels for each Service Area per account type and per waste stream are indicated in Forms PW-2 and PW-3 Schedule of Prices.

The following assumptions were made for the Three-Container service level projection analysis:

- 1) There were 413 accounts, of which approximately 6% were identified as questionable (i.e., for Commercial, Multifamily and Residential sectors), not included in the analysis;
- 2) Dumpsters that are greater than or equal to eight (8) cubic yards (CY) were grouped into a Container size category of "8 CY to 40 CY";
 - a. For the purpose of estimating the volume of material for this category, an average Dumpster size of 35 CY was used;
- 3) It was also noted that some of the accounts were listed to have zero (0) Collection frequency. The accounts with zero (0) frequency were included in the analysis as 1 time per week frequency;
- 4) Green Waste is managed by third party landscapers unless a Customer has existing Green Waste service;
- 5) The average Organic Waste percentage of total Refuse (CalRecycle, 2019) for each account type was estimated as follows:

- a. Commercial – 20% (except as noted below)
 - i. This is based on the average Organic Waste composition of 20+ industries;
 - ii. For accounts that are part of the Accommodation sector, the Organic Waste composition used was 32%;
 - iii. For accounts that are part of the Restaurant sector, the Organic Waste composition used was 51%;
 - iv. For accounts that are part of the Grocer sector, the Organic Waste composition used was 42%; and,
 - v. For accounts that are part of the Arts and Entertainment (includes amusement parks and event venues) sector, the Organic Waste composition used was 34%.
 - b. Multifamily – 25%
 - c. Residential – 18%
- 6) Less than 1% of the accounts had existing Organic Waste Collection in the 2019 dataset. The projected Organic Waste volume was estimated based on the size of the Refuse Containers, estimated Refuse density for the respective sector and the Organic Waste composition assumption above for all accounts.
- 7) The average recycling percentage of total Refuse (CalRecycle, 2019) for each sector is estimated as follows:
- a. Commercial – 46%
 - i. This is based on the average Recycling composition of 20+ industries.
 - b. Multifamily – 42%
 - c. Residential – 22%
- 8) Approximately 25% of accounts had existing Recycling Collection Services. The remaining projected Recycling volume was estimated based on the volume of the Refuse Containers for the accounts that do not have Recycling Collection;
- 9) For the purposes of the new projected service levels, the Organic Waste and Recycling volume is conservatively based on 100% capture rate;
- 10) The average Refuse percentage for each sector is estimated as followed:
- a. Commercial – 58%
 - i. Assumed a 100% capture of Organic Waste and 50% capture of Recycling; and,

- ii. For accounts that have high Organic Waste composition, it is assumed to have 75% capture of Organic Waste and 50% capture of Recycling.
 - 1. For accounts that are part of the Accommodation sector, the Refuse composition used was 55%;
 - 2. For accounts that are part of the Restaurant sector, the Refuse composition used was 40%;
 - 3. For accounts that are part of the Grocer sector, the Refuse composition used was 47%; and,
 - 4. For accounts that are part of the Arts and Entertainment (includes amusement parks and event venues) sector, the Refuse composition used was 55%.
- b. Multifamily – 54%
 - i. Assumed a 100% capture of Organic Waste and 50% capture of Recycling.
- c. Residential – 80%
 - i. Assumed a 50% capture of Organic Waste and 50% capture of Recycling.

The following assumptions were made for the Two-Container service level projections analysis, applicable to all Customer types:

1) Two-Container A (Gray and Blue Containers)

- i. Gray Container (Refuse and Organic Waste) - Utilized existing Non-Exclusive Commercial Franchise Customer Refuse service level data.
- ii. Blue Container (Recyclables)- Utilized Recycling projected service levels from the three-container service level projections analysis.

2) Two-Container B (Gray and Green Containers)

- i. Gray Container (Refuse and Recyclables) - Utilized existing Non-Exclusive Commercial Franchise Customer Refuse service level data.
- ii. Green Container (Organic Waste) - Utilized Organic Waste projected service levels from the three-container service level projections analysis.

The following assumptions were made for the One-Container service level projections analysis, applicable to all Customer types:

- 1) One-Container (Gray Container)
 - i. Utilized existing Non-Exclusive Commercial Franchise Customer Refuse service level data.

BACKGROUND:

The pests known as Asian citrus psyllid, European grapevine moth, light brown apple moth and *Phytophthora ramorum* present a real and ongoing threat to the agricultural industry, environment and economy of the State of California. Movement of regulated articles and commodities is a recognized channel for the spread of these pests from established areas to new locations. The Program is a cooperative effort between public entities that are responsible for mitigating the movement of these pests from regulated areas where the pest is established to new locations.

AGREEMENT:

A. The Program, will permit your establishment to self-execute the quarantine requirements attached as exhibits checked below, inclusive and incorporated into this agreement by reference as if fully set out. The exhibits checked below are binding:

CHECK ALL EXHIBITS THAT APPLY:

- Exhibit QW2 **BIOMASS/COGENERATION (Processed and Unprocessed)**
- Exhibit QW4 **COMPOSTING (Processed and Unprocessed)**
- Exhibit QW5 **LANDFILL (Processed and Unprocessed)**
- Exhibit QW10 **HAULER/TRANSPORTER Moving Green Waste Resulting from the Processing of Regulated Articles (e.g. bulk grapes for crush) that Originated in a Quarantine Area**
- Exhibit QW12 **TRANSFER STATION**

B. In exchange for the Program's promise contained in sub-paragraph "A" above, the Establishment agrees to abide by the following rules and regulations:

1. Handle, process, and/or move regulated articles in accordance with the quarantine requirements for each pest checked on page 1;
2. Follow the Program's instructions regarding the use of all permits and certificates;
3. Maintain and make such records as the Program requires, accessible for inspection upon reasonable notice by the Program Officer. These records shall be maintained for a period of the later of 2 years or the resolution of any outstanding claims.

C. This agreement becomes effective on signing and shall remain in effect until canceled by either party on 30 days notice to the other at the address of either appearing above. However, the Program may accelerate the notice to immediate for cause, including but not limited to the Establishment's abandonment of the procedures outlined in the attached Exhibit(s).

D. Establishment assumes liability, if any, arising from the manner in which Establishment sells, handles or distributes any regulated host material.

NOTICE: Any signatory or employee of any signatory who violates the terms of this Compliance Agreement may be subject to Civil Penalties pursuant to California Food and Agricultural Code Section 5705.

EXCLUSIVE COMMERCIAL FRANCHISE | CUSTOMER BILL OF RIGHTS

What We Will Collect. We will collect trash (also known as refuse), organic waste, and commingled recyclables in the containers we provide. You must place refuse, recyclable materials, and organic waste in the appropriate collection containers. We may not pick up materials that are discarded outside of containers and as such may be considered a non-collection event unless you have made previous arrangements with us, as described below.

Mandatory Organic Waste Collection Services. The Los Angeles County Board of Supervisors adopted the Mandatory Organic Waste Disposal Reduction Ordinance, which enforces all persons (residents and business/property owners) in the County unincorporated communities to subscribe to organic waste collection services. To comply with this law, you may self-haul, self-manage organic waste on site, utilize an authorized Micro-Hauler (Limited to Organic Waste Collection Only), or you may choose to receive organic waste collection services with us. Additionally, all our customers will be provided weekly organic waste collection services along with their weekly refuse collection services. The minimum base rate for refuse includes the equivalent of a 64-gallon cart of weekly organic waste collection service per customer at no additional charge unless the customer requires service beyond the minimum. Should you need more containers, we can offer a variety of sizes at a cost. Please contact us for your needs.

Mandatory Commercial Recycling. Commercial businesses and multifamily residences (of 5 or more units) that generate four (4) cubic yards or more of solid waste per week are required by California law to recycle. To comply with the law, you may donate or sell any of, or all, your recyclables elsewhere, such as recycling centers or reuse enterprises, or subscribe to recycling services with us. Additionally, all our customers will be provided weekly recycling and refuse collection services. Every customer will be provided a black container that will collect both refuse and recycling materials together. The discarded materials in the black container that collects both refuse and recyclable materials will be taken to a processing facility to separate refuse from recyclable materials. Larger containers will be offered at half the rate for the same type and capacity of refuse container and same frequency of a refuse collection service. To evaluate and determine whether your existing levels of refuse, recycling, and organic waste services are appropriate, and promote and implement recycling services, a free site visit and waste assessment will be provided upon the start of collection services. Ongoing site visits and waste assessments will be provided every other year thereafter or as needed.

We Will Not Collect Hazardous Waste. State law prohibits disposal of hazardous materials in your collection containers. Hazardous waste includes most paints, pesticides, petroleum derivatives such as motor oil and solvents, batteries, thermostats, aerosol cans, fluorescent lights, and certain mercury-containing devices. If we identify these items in your containers, we will tag your containers

and they will not be collected. For additional safe and legal disposal options, call 1 (888) CLEAN LA or visit www.CleanLA.com.

When We Will Collect. We will collect your containers on your scheduled collection day(s) each week. We will notify you in advance if we make a permanent change in your scheduled collection day. If your scheduled collection day falls on or after a holiday, or during a holiday week, collection will be delayed by one (1) day. (Friday customers will receive their collection on Saturday.) We observe the following holidays: Memorial Day, Independence Day, Labor Day, Thanksgiving, Christmas, and New Year's Day.

Where We Will Pick Up. You must set your containers(s) at the set-out site as agreed upon unless you have roll-out/scout service. If we agreed to collect on private driveways or pavement, we will ask you to sign a waiver of damage liability. We must repair or replace, to your satisfaction, damaged property, and reimburse you for cost of personal injury caused by our negligence or willful acts or omissions. In addition to enforcing your rights under the franchise agreement, you may institute civil suits allowed under law.

Container Enclosure Maintenance and Litter. You are responsible for keeping your container enclosure or set-out site clean and in good repair. We will clean up all litter caused during collection.

Weight Limitations of Carts or Dumpsters.

The weight limits for each automated cart are as follows:

- 100 lbs. for 96-gallon carts
- 80 lbs. for 64-gallon carts
- 60 lbs. for 32-gallon carts

The weight limits for each dumpster are as follows:

- 250 lbs. for 2yds dumpsters
- 350 lbs. for 3yds dumpsters
- 450 lbs. for 4yds dumpsters
- 600 lbs. for 6yds dumpsters

If carts or dumpsters are found to be over these weight limits, they will be tagged and not serviced.

Repair/Replacement. At no additional charge, we will repair or replace damaged containers within two service days after we have observed damaged containers while providing service and upon your request unless the container damage is deemed to be due to customer negligence.

Bulky Items and Electronic Waste Pickups for Multifamily and Residential Customers.

We will provide a specified maximum amount of bulky item pickups per year at no charge (limit of ten (10) items per pickup) based on the number of units on the premises, as specified in the chart below.

Residential and Multifamily Premises with Number of Units	Maximum Collection Pickups (no additional cost to Customer)
MF Premises with 150+ units	Up to 50 per year No Charge

MF Premises with 101-149 units	Up to 40 per year No Charge
MF Premises with 50-100 units	Up to 30 per year No Charge
MF Premises with 25-49 units	Up to 20 per year No Charge
MF Premises with 1-24 units *1-unit accounts for a Residential Customer	Up to 10 per year No Charge

Examples of bulky items include discarded furniture (such as chairs, sofas, mattresses, box springs, and rugs), appliances (such as refrigerators, ranges, washers, dryers, water heaters, dishwashers, plumbing), and other similar items. If you call us at least 24 hours in advance, we will collect them on your next regularly scheduled pickup day.

When You Must Pay. We bill trash collection services monthly or quarterly in advance. We will mail your bill on or before the first day of your billing period, i.e., April 1st for the billing period of April, May, and June. Your bill is due no later than the last day of the first month. With this example, that would be April 30th. If we do not receive payment by the last day of the second month, i.e., May 31st, your bill will become delinquent and an additional 10% fee will be added to the balance. We may terminate your service if you do not pay your service fees by the end of the billing cycle, i.e., June 30th. We will charge \$25 to restart the service after a service interruption and a \$25 fee on returned checks.

Refunds. We will refund any overcharges (including advance payments for services that you subsequently cancel) within 30 days after we receive them. We will pay you interest on overcharges (other than advance payments for subsequently canceled services) at 10% per annum from the date of the overcharge until the date refunded.

Third Party Services. Customers have the option to obtain extra services such as: roll-out and scout service through another service provider.

Customer Termination Rights and Right to Self-haul. Within six (6) months of your new service, we will amend any written subscription order you may have with us to grant you your customer termination rights. You may terminate service at any time by giving us 14-days’ notice, your notice must include a reason for the termination. You also have the right to self-haul some of, or all, your solid waste in addition to, or instead of, subscribing to our service.

Customer Notification. We will provide a written final notice (postmarked at least 14 days in advance) if we are to suspend or terminate your service. The final notice will include an explanation for the suspension or termination and information on how to resolve your issue and restart service.

Where You Can Contact Us. You may call us toll-free regarding service or complaints at **(800) 442-6454** between **8:00 am and 5:00 pm** on weekdays, except on holidays. You may come to our office located at **17445 E Railroad Street, Industry, CA 91748**, mail correspondence to our office address or e-mail us at customerservice@myvvs.com. Item B.4- Unpermitted Waste Screening Protocol (Section 13)

This item consists of 4 pages (including this page).

A. PROTOCOL

Valley Vista Services shall develop and implement the Un-Permitted Waste Screening Protocol included in the Franchise documentation in compliance with Applicable Law and including at a minimum:

1. Ongoing Employee Training in Identification

As a part of Valley Vista Services ongoing training program, all drivers, swampers and route personnel are required to attend monthly and quarterly tailgate safety meetings. During these meetings, we also conduct training sessions to educate employees on our safety policies, notification procedures, and household hazardous waste. Drivers are trained in both identification procedures and notification procedures when Un-Permitted waste is discovered. Drivers discovering Un-Permitted waste are instructed to complete a NonCollection notice, place one copy on the container (whenever safe) and file the second copy at the office.

2. Driver Inspection

Based on our experience, the automated curbside collection process can hamper visual identification of Un-Permitted waste. For this reason, Valley Vista Services has installed camera monitors on each automated vehicle. This additional step gives the driver/operator a clear visual of the contents of each container before it is commingled with the load.

3. Immediate Driver Response

While unloading the collection container into the holding hopper the driver has a clear view of the waste products as they are emptied and staged for compaction. All drivers are trained and prepared to segregate materials upon identification. Un-Permitted materials such as U-Waste or Household Hazardous Waste or any suspicious unidentified materials shall be left at the service address and a Noncollection tag shall be affixed to the container. Should any material appear to be dangerous in nature or a threat to the health and safety of the community or Valley Vista Services personnel, the area route supervisor shall immediately notify the County fire department and the appropriate local agency for immediate resolution.

4. Driver Notification

All Valley Vista Services drivers are trained and prepared to deal with any UnPermitted waste issue. Valley Vista Services personnel have been instructed to complete the non-collection tag and affix it to the offending container. The notification tag shall explain the violation and the proper means of disposal. All drivers are trained and prepared to segregate materials upon identification. Each Un-Permitted disposal incident shall be reported to the dispatch center and the area route supervisor. The service address shall

be monitored, if necessary, for additional disposal violations. Valley Vista Services customer service shall log each incident and supply a copy to the County of Los Angeles. Should any material appear to be dangerous in nature or a threat to the health and safety of the community or Valley Vista Services personnel, the area route supervisor will immediately notify the County fire department and the appropriate local agency for immediate resolution.

5. Notification of Appropriate Agency or Department

Valley Vista Services shall maintain a complaint and incident log for the Hacienda Heights franchise area. Customer Service shall monitor and record all Un-Permitted waste violations/incidents identified by Valley Vista Services personnel. All records shall be copied and supplied to the County of Los Angeles per the requirements of the franchise agreement. Valley Vista Services shall report its observations to the Director in addition to notifying the offender. Habitual violators shall be reported to the County inspector and service may be suspended pending final resolution. Should any material appear to be dangerous in nature or a threat to the health and safety of the community or by Valley Vista Services personnel, the area route supervisor will immediately notify the County fire department and the appropriate local agency for immediate resolution.

6. Appropriate Actions

Valley Vista Services is committed to proper manifestation and management of Un-Permitted waste materials. In the event suspicious material is identified, the area route supervisor will be immediately notified and proper containment materials will be applied. All collected materials will be properly containerized, removed, and transported by a license contractor in accordance with Applicable Law.

7. Compliance with Applicable Law

Valley Vista Services will comply with all Local, State and Federal laws as outlined in on compliance standards defined in the Department of Transportation (DOT) (Title 49 CFR) and the United States Environmental Protection Agency Title 40 CFR, as well as with California EPA and DTSC regulations.

8. Form and Content of Labels

Each automated cart contains language and illustrations prohibiting customers from discarding Un-Permitted Waste in English, Mandarin and Spanish. The final content of this information has been approved by the County of Los Angeles and was paid for and distributed by Valley Vista Services or its contractor.

B. Prohibition on Collection

Unless licensed in accordance with Applicable Law, Valley Vista Services, is prohibited from collecting Un-Permitted waste, other than in connection with providing collection of bulky items, CEDS, or E-waste as outlined in the Hacienda Heights Franchise

Agreement. Valley Vista Services will notify all persons required by Applicable Law of Unpermitted Wastes that it finds or observes in Solid Waste.

C. Reports to Director

Valley Vista Services shall use Reasonable Business Efforts to report to the Director and the appropriate agency as required by Applicable Law any observance of suspicious materials it reasonably believes or suspects to contain Un-Permitted Waste being disposed of or released onto any County or any other public property, including storm drains, streets, or other public rights of way.

D. Labels

Valley Vista Services shall affix labels to each automated cart used in the Hacienda Heights franchise area, with language and illustrations prohibiting customers from discarding Un-Permitted Waste in English, Mandarin and Spanish.

E. Safe Disposal Customer Education Program

As part of the Valley Vista Services Un-Permitted Waste Screening Protocol, Valley Vista Services shall develop and implement a customer education program to maximize exclusion of Un-Permitted Waste from disposal and promote safe handling of Un-Permitted Waste as stipulated in Part II Section 6 Valley Vista Services shall distribute this education program in conjunction with its customer outreach for the Waste Diversion Program. Valley Vista Services shall submit the materials to COUNTY at least one month prior to distributing them for the approval of format and content. Materials shall be developed and circulated once each calendar year in accordance with the terms and conditions outlined in Part II Section 6 of the

Agreement.

Valley Vista Services shall notify the subscribers regarding the safe handling of Un-Permitted Waste through our community outreach efforts. Unsafe disposal of Un-Permitted Waste will be strongly discouraged. Any items deemed to be hazardous waste, U-Waste, or E-Waste will not be collected in the regular cart collection program. Should such material be presented at the curb, a Non-Collection Notice will be affixed to the cart

Other words and phrases that appear in quotation marks have special meaning. Refer to Section V – Definitions.

SECTION II – COVERED AUTOS LIABILITY COVERAGE

A. Coverage

We will pay all sums an "insured" legally must pay as damages because of "bodily injury" or "property damage" to which this insurance applies, caused by an "accident" and resulting from the ownership, maintenance or use of a covered "auto".

We will also pay all sums an "insured" legally must pay as a "covered pollution cost or expense" to which this insurance applies, caused by an "accident" and resulting from the ownership, maintenance or use of covered "autos". However, we will only pay for the "covered pollution cost or expense" if there is either "bodily injury" or "property damage" to which this insurance applies that is caused by the same "accident".

We have the right and duty to defend any "insured" against a "suit" asking for such damages or a "covered pollution cost or expense". However, we have no duty to defend any "insured" against a "suit" seeking damages for "bodily injury" or "property damage" or a "covered pollution cost or expense" to which this insurance does not apply. We may investigate and settle any claim or "suit" as we consider appropriate. Our duty to defend or settle ends when the Covered Autos Liability Coverage Limit of Insurance has been exhausted by payment of judgments or settlements.

1. Who Is An Insured

The following are "insureds":

- a. You for any covered "auto".
- b. Anyone else while using with your permission a covered "auto" you own, hire or borrow except:

- (1) The owner or anyone else from whom you hire or borrow a covered "auto".

This exception does not apply if the covered "auto" is a "trailer" connected to a covered "auto" you own.

- (2) Your "employee" if the covered "auto" is owned by that "employee" or a member of his or her household.
 - (3) Someone using a covered "auto" while he or she is working in a business of selling, servicing, repairing, parking or storing "autos" unless that business is yours.
 - (4) Anyone other than your "employees", partners (if you are a partnership), members (if you are a limited liability company) or a lessee or borrower or any of their "employees", while moving property to or from a covered "auto".
 - (5) A partner (if you are a partnership) or a member (if you are a limited liability company) for a covered "auto" owned by him or her or a member of his or her household.
- c. Anyone liable for the conduct of an "insured" described above but only to the extent of that liability.

2. Coverage Extensions

a. Supplementary Payments

We will pay for the "insured":

- (1) All expenses we incur.
- (2) Up to \$2,000 for cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.
- (3) The cost of bonds to release attachments in any "suit" against the "insured" we defend, but only for bond amounts within our Limit of Insurance.
- (4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to \$250 a day because of time off from work.
- (5) All court costs taxed against the "insured" in any "suit" against the "insured" we defend. However, these payments do not include attorneys' fees or attorneys' expenses taxed against the "insured".
- (6) All interest on the full amount of any judgment that accrues after entry of the judgment in any "suit" against the "insured" we defend, but our duty to pay interest ends when we have paid, offered to pay or deposited in court the

part of the judgment that is within our Limit of Insurance.

These payments will not reduce the Limit of Insurance.

b. Out-of-state Coverage Extensions

While a covered "auto" is away from the state where it is licensed, we will:

- (1) Increase the Limit of Insurance for Covered Autos Liability Coverage to meet the limits specified by a compulsory or financial responsibility law of the jurisdiction where the covered "auto" is being used. This extension does not apply to the limit or limits specified by any law governing motor carriers of passengers or property.
- (2) Provide the minimum amounts and types of other coverages, such as no-fault, required of out-of-state vehicles by the jurisdiction where the covered "auto" is being used.

We will not pay anyone more than once for the same elements of loss because of these extensions.

B. Exclusions

This insurance does not apply to any of the following:

1. Expected Or Intended Injury

Covered "autos" while used in any professional or organized racing or demolition contest or stunting activity, or while practicing for such contest or activity. This insurance also does not apply while that covered "auto" is being prepared for such a contest or activity.

C. Limit Of Insurance

Regardless of the number of covered "autos", "insureds", premiums paid, claims made or vehicles involved in the "accident", the most we will pay for the total of all damages and "covered pollution cost or expense" combined resulting from any one "accident" is the Limit Of Insurance for Covered Autos Liability Coverage shown in the Declarations.

All "bodily injury", "property damage" and "covered pollution cost or expense" resulting from continuous or repeated exposure to substantially the same conditions will be considered as resulting from one "accident".

No one will be entitled to receive duplicate payments for the same elements of "loss" under this Coverage Form and any Medical Payments Coverage endorsement, Uninsured Motorists Coverage endorsement or Underinsured Motorists Coverage endorsement attached to this Coverage Part.

SECTION IV – BUSINESS AUTO CONDITIONS

The following conditions apply in addition to the Common Policy Conditions:

A. Loss Conditions

1. Appraisal For Physical Damage Loss

If you and we disagree on the amount of "loss", either may demand an appraisal of the "loss". In this event, each party will select a competent appraiser. The two appraisers will select a competent and impartial umpire. The appraisers will state separately the actual cash value and amount of "loss". If they fail to agree, they will submit their differences to the umpire. A decision agreed to by any two will be binding. Each party will:

- a. Pay its chosen appraiser; and
- b. Bear the other expenses of the appraisal and umpire equally.

If we submit to an appraisal, we will still retain our right to deny the claim.

2. Duties In The Event Of Accident, Claim, Suit Or Loss

We have no duty to provide coverage under this policy unless there has been full compliance with the following duties:

- a. In the event of "accident", claim, "suit" or "loss", you must give us or our authorized representative prompt notice of the "accident" or "loss". Include:
 - (1) How, when and where the "accident" or "loss" occurred;

- (2) The "insured's" name and address; and
- (3) To the extent possible, the names and addresses of any injured persons and witnesses.

b. Additionally, you and any other involved "insured" must:

- (1) Assume no obligation, make no payment or incur no expense without our consent, except at the "insured's" own cost.
- (2) Immediately send us copies of any request, demand, order, notice, summons or legal paper received concerning the claim or "suit".
- (3) Cooperate with us in the investigation or settlement of the claim or defense against the "suit".
- (4) Authorize us to obtain medical records or other pertinent information.
- (5) Submit to examination, at our expense, by physicians of our choice, as often as we reasonably require.

c. If there is "loss" to a covered "auto" or its equipment, you must also do the following:

- (1) Promptly notify the police if the covered "auto" or any of its equipment is stolen.
- (2) Take all reasonable steps to protect the covered "auto" from further damage. Also keep a record of your expenses for consideration in the settlement of the claim.
- (3) Permit us to inspect the covered "auto" and records proving the "loss" before its repair or disposition.
- (4) Agree to examinations under oath at our request and give us a signed statement of your answers.

3. Legal Action Against Us

No one may bring a legal action against us under this Coverage Form until:

- a. There has been full compliance with all the terms of this Coverage Form; and
- b. Under Covered Autos Liability Coverage, we agree in writing that the "insured" has an obligation to pay or until the amount of that obligation has finally been determined by judgment after trial. No one has the right under this policy to bring us into an action to determine the "insured's" liability.

4. Loss Payment – Physical Damage Coverages

At our option, we may:

- a. Pay for, repair or replace damaged or stolen property;
- b. Return the stolen property, at our expense. We will pay for any damage that results to the "auto" from the theft; or
- c. Take all or any part of the damaged or stolen property at an agreed or appraised value.

If we pay for the "loss", our payment will include the applicable sales tax for the damaged or stolen property.

5. Transfer Of Rights Of Recovery Against Others To Us

If any person or organization to or for whom we make payment under this Coverage Form has rights to recover damages from another, those rights are transferred to us. That person or organization must do everything necessary to secure our rights and must do nothing after "accident" or "loss" to impair them.

B. General Conditions

1. Bankruptcy

Bankruptcy or insolvency of the "insured" or the "insured's" estate will not relieve us of any obligations under this Coverage Form.

2. Concealment, Misrepresentation Or Fraud

This Coverage Form is void in any case of fraud by you at any time as it relates to this Coverage Form. It is also void if you or any other "insured", at any time, intentionally conceals or misrepresents a material fact concerning:

- a. This Coverage Form;
- b. The covered "auto";
- c. Your interest in the covered "auto"; or
- d. A claim under this Coverage Form.

3. Liberalization

If we revise this Coverage Form to provide more coverage without additional premium charge, your policy will automatically provide the additional coverage as of the day the revision is effective in your state.

4. No Benefit To Bailee – Physical Damage Coverages

We will not recognize any assignment or grant any coverage for the benefit of any person or organization holding, storing or transporting property for a fee regardless of any other provision of this Coverage Form.

5. Other Insurance

a. For any covered "auto" you own, this Coverage Form provides primary insurance. For any covered "auto" you don't own, the insurance provided by this Coverage Form is excess over any other collectible insurance. However, while a covered "auto" which is a "trailer" is connected to another vehicle, the Covered Autos Liability Coverage this Coverage Form provides for the "trailer" is:

- (1) Excess while it is connected to a motor vehicle you do not own; or
- (2) Primary while it is connected to a covered "auto" you own.

b. For Hired Auto Physical Damage Coverage, any covered "auto" you lease, hire, rent or borrow is deemed to be a covered "auto" you own. However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

c. Regardless of the provisions of Paragraph a. above, this Coverage Form's Covered Autos Liability Coverage is primary for any liability assumed under an "insured contract".

d. When this Coverage Form and any other Coverage Form or policy covers on the same basis, either excess or primary, we will pay only our share. Our share is the proportion that the Limit of Insurance of our Coverage Form bears to the total of the limits of all the Coverage Forms and policies covering on the same basis.

6. Premium Audit

- a. The estimated premium for this Coverage Form is based on the exposures you told us you would have when this policy began. We will compute the final premium due when we determine your actual exposures. The estimated total premium will be credited against the final premium due and the first Named Insured will be billed for the balance, if any. The due date for the final premium or retrospective premium is the date shown as the due date on the bill. If the estimated total premium exceeds the final premium due, the first Named Insured will get a refund.
- b. If this policy is issued for more than one year, the premium for this Coverage Form will be computed annually based on our rates or premiums in effect at the beginning of each year of the policy.

7. Policy Period, Coverage Territory

Under this Coverage Form, we cover "accidents" and "losses" occurring:

- a. During the policy period shown in the Declarations; and
- b. Within the coverage territory.

The coverage territory is:

- (1) The United States of America;
- (2) The territories and possessions of the United States of America;
- (3) Puerto Rico;
- (4) Canada; and
- (5) Anywhere in the world if a covered "auto" of the private passenger type is leased, hired, rented or borrowed without a driver for a period of 30 days or less.

provided that the "insured's" responsibility to pay damages is determined in a "suit" on the merits, in the United States of America, the territories and possessions of the United States of America, Puerto Rico or Canada, or in a settlement we agree to. We also cover "loss" to, or "accidents" involving, a covered "auto" while being transported between any of these places.

8. Two Or More Coverage Forms Or Policies Issued By Us

If this Coverage Form and any other Coverage Form or policy issued to you by us or any company affiliated with us applies to the same "accident", the aggregate maximum Limit of Insurance under all the Coverage Forms or policies shall not exceed the highest applicable Limit of Insurance under any one Coverage Form or policy. This condition does not apply to any Coverage Form or policy issued by us or an affiliated company specifically to apply as excess insurance over this Coverage Form.

However, such contract or agreement shall not be considered an "insured contract" to the extent that it obligates you or any of your "employees" to pay for "property damage" to any "auto" rented or leased by you or any of your "employees".

An "insured contract" does not include that part of any contract or agreement:

Other words and phrases that appear in quotation marks have special meaning. Refer to Section V – Definitions.

SECTION II – COVERED AUTOS LIABILITY COVERAGE

A. Coverage

We will pay all sums an "insured" legally must pay as damages because of "bodily injury" or "property damage" to which this insurance applies, caused by an "accident" and resulting from the ownership, maintenance or use of a covered "auto".

We will also pay all sums an "insured" legally must pay as a "covered pollution cost or expense" to which this insurance applies, caused by an "accident" and resulting from the ownership, maintenance or use of covered "autos". However, we will only pay for the "covered pollution cost or expense" if there is either "bodily injury" or "property damage" to which this insurance applies that is caused by the same "accident".

We have the right and duty to defend any "insured" against a "suit" asking for such damages or a "covered pollution cost or expense". However, we have no duty to defend any "insured" against a "suit" seeking damages for "bodily injury" or "property damage" or a "covered pollution cost or expense" to which this insurance does not apply. We may investigate and settle any claim or "suit" as we consider appropriate. Our duty to defend or settle ends when the Covered Autos Liability Coverage Limit of Insurance has been exhausted by payment of judgments or settlements.

1. Who Is An Insured

The following are "insureds":

- a. You for any covered "auto".
- b. Anyone else while using with your permission a covered "auto" you own, hire or borrow except:
 - (1) The owner or anyone else from whom you hire or borrow a covered "auto".
This exception does not apply if the covered "auto" is a "trailer" connected to a covered "auto" you own.

- (2) Your "employee" if the covered "auto" is owned by that "employee" or a member of his or her household.
 - (3) Someone using a covered "auto" while he or she is working in a business of selling, servicing, repairing, parking or storing "autos" unless that business is yours.
 - (4) Anyone other than your "employees", partners (if you are a partnership), members (if you are a limited liability company) or a lessee or borrower or any of their "employees", while moving property to or from a covered "auto".
 - (5) A partner (if you are a partnership) or a member (if you are a limited liability company) for a covered "auto" owned by him or her or a member of his or her household.
- c. Anyone liable for the conduct of an "insured" described above but only to the extent of that liability.

2. Coverage Extensions

a. Supplementary Payments

We will pay for the "insured":

- (1) All expenses we incur.
- (2) Up to \$2,000 for cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.
- (3) The cost of bonds to release attachments in any "suit" against the "insured" we defend, but only for bond amounts within our Limit of Insurance.
- (4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to \$250 a day because of time off from work.
- (5) All court costs taxed against the "insured" in any "suit" against the "insured" we defend. However, these payments do not include attorneys' fees or attorneys' expenses taxed against the "insured".
- (6) All interest on the full amount of any judgment that accrues after entry of the judgment in any "suit" against the "insured" we defend, but our duty to pay interest ends when we have paid, offered to pay or deposited in court the

part of the judgment that is within our Limit of Insurance.

These payments will not reduce the Limit of Insurance.

b. Out-of-state Coverage Extensions

While a covered "auto" is away from the state where it is licensed, we will:

- (1) Increase the Limit of Insurance for Covered Autos Liability Coverage to meet the limits specified by a compulsory or financial responsibility law of the jurisdiction where the covered "auto" is being used. This extension does not apply to the limit or limits specified by any law governing motor carriers of passengers or property.
- (2) Provide the minimum amounts and types of other coverages, such as no-fault, required of out-of-state vehicles by the jurisdiction where the covered "auto" is being used.

We will not pay anyone more than once for the same elements of loss because of these extensions.

B. Exclusions

This insurance does not apply to any of the following:

1. Expected Or Intended Injury

"Bodily injury" or "property damage" expected or intended from the standpoint of the "insured".

2. Contractual

But this exclusion does not apply to "bodily injury" to domestic "employees" not entitled to workers' compensation benefits or to liability assumed by the "insured" under an "insured contract". For the purposes of the Coverage Form, a domestic "employee" is a person engaged in household or domestic work performed principally in connection with a residence premises.

In this exclusion, your work means:

C. Limit Of Insurance

Regardless of the number of covered "autos", "insureds", premiums paid, claims made or vehicles involved in the "accident", the most we will pay for the total of all damages and "covered pollution cost or expense" combined resulting from any one "accident" is the Limit Of Insurance for Covered Autos Liability Coverage shown in the Declarations.

All "bodily injury", "property damage" and "covered pollution cost or expense" resulting from continuous or repeated exposure to substantially the same conditions will be considered as resulting from one "accident".

No one will be entitled to receive duplicate payments for the same elements of "loss" under this Coverage Form and any Medical Payments Coverage endorsement, Uninsured Motorists Coverage endorsement or Underinsured Motorists Coverage endorsement attached to this Coverage Part.

a. Transportation Expenses

We will pay up to \$20 per day, to a maximum of \$600, for temporary transportation expense incurred by you because of the total theft of a covered "auto" of the private passenger type. - b. Blowouts, punctures or other road damage to tires.

This exclusion does not apply to such "loss" resulting from the total theft of a covered "auto".

4. We will not pay for "loss" to any of the following:

- a. Tapes, records, discs or other similar audio, visual or data electronic devices designed for use with audio, visual or data electronic equipment.

b. Any device designed or used to detect speed-measuring equipment, such as radar or laser detectors, and any jamming apparatus intended to elude or disrupt speed-measuring equipment.

c. Any electronic equipment, without regard to whether this equipment is permanently installed, that reproduces, receives or transmits audio, visual or data signals.

d. Any accessories used with the electronic equipment described in Paragraph c. above.

5. Exclusions 4.c. and 4.d. do not apply to equipment designed to be operated solely by use of the power from the "auto's" electrical system that, at the time of "loss", is:

- a. Permanently installed in or upon the covered "auto";
- b. Removable from a housing unit which is permanently installed in or upon the covered "auto";
- c. An integral part of the same unit housing any electronic equipment described in Paragraphs a. and b. above; or
- d. Necessary for the normal operation of the covered "auto" or the monitoring of the covered "auto's" operating system.

6. We will not pay for "loss" to a covered "auto" due to "diminution in value".

C. Limits Of Insurance

1. The most we will pay for:

a. "Loss" to any one covered "auto" is the lesser of:

- (1) The actual cash value of the damaged or stolen property as of the time of the "loss"; or
- (2) The cost of repairing or replacing the damaged or stolen property with other property of like kind and quality.

b. All electronic equipment that reproduces, receives or transmits audio, visual or data signals in any one "loss" is \$1,000, if, at the time of "loss", such electronic equipment is:

- (1) Permanently installed in or upon the covered "auto" in a housing, opening or other location that is not normally used by the "auto" manufacturer for the installation of such equipment;

- (2) Removable from a permanently installed housing unit as described in Paragraph **b.(1)** above; or
 - (3) An integral part of such equipment as described in Paragraphs **b.(1)** and **b.(2)** above.
2. An adjustment for depreciation and physical condition will be made in determining actual cash value in the event of a total "loss".
 3. If a repair or replacement results in better than like kind or quality, we will not pay for the amount of the betterment.

D. Deductible

For each covered "auto", our obligation to pay for, repair, return or replace damaged or stolen property will be reduced by the applicable deductible shown in the Declarations. Any Comprehensive Coverage deductible shown in the Declarations does not apply to "loss" caused by fire or lightning.

SECTION IV – BUSINESS AUTO CONDITIONS

The following conditions apply in addition to the Common Policy Conditions:

A. Loss Conditions

1. Appraisal For Physical Damage Loss

If you and we disagree on the amount of "loss", either may demand an appraisal of the "loss". In this event, each party will select a competent appraiser. The two appraisers will select a competent and impartial umpire. The appraisers will state separately the actual cash value and amount of "loss". If they fail to agree, they will submit their differences to the umpire. A decision agreed to by any two will be binding. Each party will:

- a. Pay its chosen appraiser; and
- b. Bear the other expenses of the appraisal and umpire equally.

If we submit to an appraisal, we will still retain our right to deny the claim.

2. Duties In The Event Of Accident, Claim, Suit Or Loss

We have no duty to provide coverage under this policy unless there has been full compliance with the following duties:

- a. In the event of "accident", claim, "suit" or "loss", you must give us or our authorized representative prompt notice of the "accident" or "loss". Include:
 - (1) How, when and where the "accident" or "loss" occurred;

- (2) The "insured's" name and address; and
- (3) To the extent possible, the names and addresses of any injured persons and witnesses.

b. Additionally, you and any other involved "insured" must:

- (1) Assume no obligation, make no payment or incur no expense without our consent, except at the "insured's" own cost.
- (2) Immediately send us copies of any request, demand, order, notice, summons or legal paper received concerning the claim or "suit".
- (3) Cooperate with us in the investigation or settlement of the claim or defense against the "suit".
- (4) Authorize us to obtain medical records or other pertinent information.
- (5) Submit to examination, at our expense, by physicians of our choice, as often as we reasonably require.

c. If there is "loss" to a covered "auto" or its equipment, you must also do the following:

- (1) Promptly notify the police if the covered "auto" or any of its equipment is stolen.
- (2) Take all reasonable steps to protect the covered "auto" from further damage. Also keep a record of your expenses for consideration in the settlement of the claim.
- (3) Permit us to inspect the covered "auto" and records proving the "loss" before its repair or disposition.
- (4) Agree to examinations under oath at our request and give us a signed statement of your answers.

3. Legal Action Against Us

No one may bring a legal action against us under this Coverage Form until:

- a. There has been full compliance with all the terms of this Coverage Form; and
- b. Under Covered Autos Liability Coverage, we agree in writing that the "insured" has an obligation to pay or until the amount of that obligation has finally been determined by judgment after trial. No one has the right under this policy to bring us into an action to determine the "insured's" liability.

4. Loss Payment – Physical Damage Coverages

At our option, we may:

- a. Pay for, repair or replace damaged or stolen property;
- b. Return the stolen property, at our expense. We will pay for any damage that results to the "auto" from the theft; or
- c. Take all or any part of the damaged or stolen property at an agreed or appraised value.

If we pay for the "loss", our payment will include the applicable sales tax for the damaged or stolen property.

5. Transfer Of Rights Of Recovery Against Others To Us

If any person or organization to or for whom we make payment under this Coverage Form has rights to recover damages from another, those rights are transferred to us. That person or organization must do everything necessary to secure our rights and must do nothing after "accident" or "loss" to impair them.

B. General Conditions

1. Bankruptcy

Bankruptcy or insolvency of the "insured" or the "insured's" estate will not relieve us of any obligations under this Coverage Form.

2. Concealment, Misrepresentation Or Fraud

This Coverage Form is void in any case of fraud by you at any time as it relates to this Coverage Form. It is also void if you or any other "insured", at any time, intentionally conceals or misrepresents a material fact concerning:

- a. This Coverage Form;
- b. The covered "auto";
- c. Your interest in the covered "auto"; or
- d. A claim under this Coverage Form.

3. Liberalization

If we revise this Coverage Form to provide more coverage without additional premium charge, your policy will automatically provide the additional coverage as of the day the revision is effective in your state.

4. No Benefit To Bailee – Physical Damage Coverages

We will not recognize any assignment or grant any coverage for the benefit of any person or organization holding, storing or transporting property for a fee regardless of any other provision of this Coverage Form.

5. Other Insurance

a. For any covered "auto" you own, this Coverage Form provides primary insurance. For any covered "auto" you don't own, the insurance provided by this Coverage Form is excess over any other collectible insurance. However, while a covered "auto" which is a "trailer" is connected to another vehicle, the Covered Autos Liability Coverage this Coverage Form provides for the "trailer" is:

- (1) Excess while it is connected to a motor vehicle you do not own; or
- (2) Primary while it is connected to a covered "auto" you own.

b. For Hired Auto Physical Damage Coverage, any covered "auto" you lease, hire, rent or borrow is deemed to be a covered "auto" you own. However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

c. Regardless of the provisions of Paragraph a. above, this Coverage Form's Covered Autos Liability Coverage is primary for any liability assumed under an "insured contract".

d. When this Coverage Form and any other Coverage Form or policy covers on the same basis, either excess or primary, we will pay only our share. Our share is the proportion that the Limit of Insurance of our Coverage Form bears to the total of the limits of all the Coverage Forms and policies covering on the same basis.

6. Premium Audit

- a. The estimated premium for this Coverage Form is based on the exposures you told us you would have when this policy began. We will compute the final premium due when we determine your actual exposures. The estimated total premium will be credited against the final premium due and the first Named Insured will be billed for the balance, if any. The due date for the final premium or retrospective premium is the date shown as the due date on the bill. If the estimated total premium exceeds the final premium due, the first Named Insured will get a refund.
- b. If this policy is issued for more than one year, the premium for this Coverage Form will be computed annually based on our rates or premiums in effect at the beginning of each year of the policy.

7. Policy Period, Coverage Territory

Under this Coverage Form, we cover "accidents" and "losses" occurring:

- a. During the policy period shown in the Declarations; and
- b. Within the coverage territory.

The coverage territory is:

- (1) The United States of America;
- (2) The territories and possessions of the United States of America;
- (3) Puerto Rico;
- (4) Canada; and
- (5) Anywhere in the world if a covered "auto" of the private passenger type is leased, hired, rented or borrowed without a driver for a period of 30 days or less.

provided that the "insured's" responsibility to pay damages is determined in a "suit" on the merits, in the United States of America, the territories and possessions of the United States of America, Puerto Rico or Canada, or in a settlement we agree to.

We also cover "loss" to, or "accidents" involving, a covered "auto" while being transported between any of these places.

8. Two Or More Coverage Forms Or Policies Issued By Us

If this Coverage Form and any other Coverage Form or policy issued to you by us or any company affiliated with us applies to the same "accident", the aggregate maximum Limit of Insurance under all the Coverage Forms or policies shall not exceed the highest applicable Limit of Insurance under any one Coverage Form or policy. This condition does not apply to any Coverage Form or policy issued by us or an affiliated company specifically to apply as excess insurance over this Coverage Form.

SECTION V – DEFINITIONS

- A. "Accident" includes continuous or repeated exposure to the same conditions resulting in "bodily injury" or "property damage".
- B. "Auto" means:
 - 1. A land motor vehicle, "trailer" or semitrailer designed for travel on public roads; or
 - 2. Any other land vehicle that is subject to a compulsory or financial responsibility law or other motor vehicle insurance law where it is licensed or principally garaged.

However, "auto" does not include "mobile equipment".

- C. "Bodily injury" means bodily injury, sickness or disease sustained by a person, including death resulting from any of these.
- D. "Covered pollution cost or expense" means any cost or expense arising out of:
 - 1. Any request, demand, order or statutory or regulatory requirement that any "insured" or others test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of, "pollutants"; or
 - 2. Any claim or "suit" by or on behalf of a governmental authority for damages because of testing for, monitoring, cleaning up, removing, containing, treating, detoxifying or neutralizing, or in any way responding to, or assessing the effects of, "pollutants".

"Covered pollution cost or expense" does not include any cost or expense arising out of the actual, alleged or threatened discharge, dispersal, seepage, migration, release or escape of "pollutants":

- a. That are, or that are contained in any property that is:

- (1) Being transported or towed by, handled or handled for movement into, onto or from the covered "auto";
 - (2) Otherwise in the course of transit by or on behalf of the "insured"; or
 - (3) Being stored, disposed of, treated or processed in or upon the covered "auto";
- b. Before the "pollutants" or any property in which the "pollutants" are contained are moved from the place where they are accepted by the "insured" for movement into or onto the covered "auto"; or
 - c. After the "pollutants" or any property in which the "pollutants" are contained are moved from the covered "auto" to the place where they are finally delivered, disposed of or abandoned by the "insured".

Paragraph a. above does not apply to fuels, lubricants, fluids, exhaust gases or other similar "pollutants" that are needed for or result from the normal electrical, hydraulic or mechanical functioning of the covered "auto" or its parts, if:

- (1) The "pollutants" escape, seep, migrate or are discharged, dispersed or released directly from an "auto" part designed by its manufacturer to hold, store, receive or dispose of such "pollutants"; and
- (2) The "bodily injury", "property damage" or "covered pollution cost or expense" does not arise out of the operation of any equipment listed in Paragraph 6.b. or 6.c. of the definition of "mobile equipment".

Paragraphs b. and c. above do not apply to "accidents" that occur away from premises owned by or rented to an "insured" with respect to "pollutants" not in or upon a covered "auto" if:

- (a) The "pollutants" or any property in which the "pollutants" are contained are upset, overturned or damaged as a result of the maintenance or use of a covered "auto"; and
- (b) The discharge, dispersal, seepage, migration, release or escape of the "pollutants" is caused directly by such upset, overturn or damage.

- F. "Employee" includes a "leased worker". "Employee" does not include a "temporary worker".

 - 1. A lease of premises;
 - 2. A sidetrack agreement;
 - 3. Any easement or license agreement, except in connection with construction or demolition operations on or within 50 feet of a railroad;

 - 5. That part of any other contract or agreement pertaining to your business (including an indemnification of a municipality in connection with work performed for a municipality) under which you assume the tort liability of another to pay for "bodily injury" or "property damage" to a third party or organization. Tort liability means a liability that would be imposed by law in the absence of any contract or agreement; or
 - 6. That part of any contract or agreement entered into, as part of your business, pertaining to the rental or lease, by you or any of your "employees", of any "auto". However, such contract or agreement shall not be considered an "insured contract" to the extent that it obligates you or any of your "employees" to pay for "property damage" to any "auto" rented or leased by you or any of your "employees".

An "insured contract" does not include that part of any contract or agreement:

- a. That indemnifies a railroad for "bodily injury" or "property damage" arising out of construction or demolition operations, within 50 feet of any railroad property and affecting any railroad bridge or trestle, tracks, roadbeds, tunnel, underpass or crossing;
- b. That pertains to the loan, lease or rental of an "auto" to you or any of your "employees", if the "auto" is loaned, leased or rented with a driver; or

 - a. Air compressors, pumps and generators, including spraying, welding, building cleaning, geophysical exploration, lighting and well-servicing equipment; or
 - b. Cherry pickers and similar devices used to raise or lower workers; or
 6. Vehicles not described in Paragraph 1., 2., 3. or 4. above maintained primarily for purposes other than the transportation of persons or cargo. However, self-propelled vehicles with the following types of permanently attached equipment are not "mobile equipment" but will be considered "autos":
 - a. Equipment designed primarily for:
 - (1) Snow removal;

 - (3) Street cleaning;
 - b. Cherry pickers and similar devices mounted on automobile or truck chassis and used to raise or lower workers; and

 - b. Any other alternative dispute resolution proceeding in which such damages or "covered pollution costs or expenses" are claimed and to which the insured submits with our consent.
- O. "Temporary worker" means a person who is furnished to you to substitute for a permanent "employee" on leave or to meet seasonal or short-term workload conditions.

Bond No. CMS0348736

BOND FOR FAITHFUL PERFORMANCE
Annually Renewable Performance and Payment Bond

KNOW ALL MEN BY THESE PRESENTS: That Valley Vista Services, Inc.

("Principal") and RLI Insurance Company ("Surety"), are held and firmly bound unto the COUNTY OF LOS ANGELES, State of California ("Obligee"). In the penal sum of Fifty Thousand and no/ 100s (\$ 50,000.00) dollars for the payment of which sum, the Principal and Surety bind themselves, and each of their heirs, administrators, executors, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, the Principal has entered into a contract with the Obligee entitled (Title) Exclusive Commercial Franchise Agreement - Gateway

(the "Franchise Agreement") for the performance of the terms, conditions, covenants and obligations and services set-forth in the Franchise Agreement, including but not limited to providing Franchise services in bins or dumpsters and roll-off boxes in the unincorporated areas of Los Angeles County and payment of the applicable franchise fee; and payment of any liquidated damages assessed pursuant to the Franchise Agreement; and

WHEREAS, the Franchise Agreement is hereby referred to and made a part hereof as fully and to the same extent as if copied at length herein;

NOW, THEREFORE, THE CONDITION OF THE ABOVE OBLIGATION IS SUCH, that if the Principal shall well and truly perform each and every covenant and obligation in the Franchise Agreement at the time and in the manner specified in the Franchise Agreement during the term of this bond, shall reimburse the Obligee for all loss and damage, which the Obligee may sustain by reason of failure or default on the part of the Principal, then this obligation shall be void, otherwise it shall remain in full force and effect.

PROVIDED, however that this bond is subject to the following conditions and provisions:

1. This bond is for the term beginning September 1, 2022 and ending September 1, 2023.
2. 3. Except for a claim for compensatory damages as defined in Section 12, D.1 of the Franchise Agreement, no claim, action, suit or proceeding, except as hereinafter set-forth, shall be had or maintained against the Surety on this instrument unless it be brought or instituted and process served upon the Surety within two years after the expiration of the stated terms of this bond.
4. Neither non-renewal by the Surety, nor the failure or inability of the Principal to file a replacement bond in the event of non-renewal, shall itself constitute loss by the Obligee recoverable under this bond, notwithstanding any language in the Franchise Agreement to the contrary.
5. The bond may be extended for additional one-year terms at the option of the Surety, by Continuation Certificate executed by the Surety.
6. The liability of the Surety under this bond and all Continuation Certificates shall not be cumulative and under no circumstances shall the Surety's liability exceed the penal sum stated herein.
7. No right of action shall accrue on this bond to or for the use of any person, entity, or corporation other than the Obligee and this bond cannot be assigned to any other party without the written consent of the Surety.
8. Other than the Surety's right to renew this bond to extend its termination date, the Surety stipulates and agrees that any change, extension of time, alteration or addition to the terms of the Contract, including alterations in the work to be done, or increase or decrease of the material to be furnished, shall not in any way release either the Principal or Surety, and Surety hereby waives notice of any such change, extension of time, alteration or addition.
9. In the event that suit is brought against this bond, the Surety will pay, in addition to the penal sum herein, costs and reasonable expenses and fees, including reasonable attorney's fees, as awarded and fixed by the court.

Item B.7 - Internal Revenue Service Notice 1015 (Part 8B1 of Exhibit 5)

This item consists of 2 pages (including this page).

Department of the Treasury
Internal Revenue Service

Notice 1015

(Rev. December 2021)

Have You Told Your Employees About the Earned Income Credit (EIC)?

What Is the EIC?

The EIC is a refundable tax credit for certain workers.

Which Employees Must I Notify About the EIC?

You must notify each employee who worked for you at any time during the year and from whose wages you did not withhold income tax. However, you do not have to notify any employee who claimed exemption from withholding on Form W-4, Employee's Withholding Certificate.

Note: You are encouraged to notify each employee whose wages for 2021 are less than \$57,414 that he or she may be eligible for the EIC.

How and When Must I Notify My Employees?

You must give the employee one of the following.

- The IRS Form W-2, Wage and Tax Statement, which has the required information about the EIC on the back of Copy B.
- A substitute Form W-2 with the same EIC information on the back of the employee's copy that is on Copy B of the IRS Form W-2.
- Notice 797, Possible Federal Tax Refund Due to the Earned Income Credit (EIC).
- Your written statement with the same wording as Notice 797.

If you give an employee a Form W-2 on time, no further notice is necessary if the Form W-2 has the required information about the EIC on the back of the employee's copy. If you give an employee a substitute Form W-2, but it does not have the required information, you

must notify the employee within 1 week of the date the substitute Form W-2 is given. If Form W-2 is required but is not given on time, you must give the employee Notice 797 or your written statement by the date Form W-2 is required to be given. If Form W-2 is not required, you must notify the employee by February 7, 2022.

You must hand the notice directly to the employee or send it by first-class mail to the employee's last known address. You will not meet the notification requirements by posting Notice 797 on an employee bulletin board or sending it through office mail. However, you may want to post the notice to help inform all employees of the EIC. You can download copies of the notice at www.irs.gov/FormsPubs. Or you can go to www.irs.gov/OrderForms to order it.

How Will My Employees Know if They Can Claim the EIC?

The basic requirements are covered in Notice 797. For more detailed information, the employee needs to see Pub. 596, Earned Income Credit (EIC), or the Instructions for Forms 1040 and 1040-SR.

How Do My Employees Claim the EIC?

An eligible employee claims the EIC on his or her 2021 tax return. Even an employee who has no tax withheld from wages and owes no tax may claim the EIC and ask for a refund, but he or she must file a tax return to do so. For example, if an employee has no tax withheld in 2021 and owes no tax but is eligible for a credit of \$800, he or she must file a 2021 tax return to get the \$800 refund.

Item B.9 - Sharps Collection (Item F1a of Exhibit 3A1)

This item consists of 2 pages (including this page).

Sharps Collection Program

Within one week after customers' request, Valley Vista Services will provide said subscription customer, at the customers' premises, without surcharge to the County or customer, an approved container for sharps disposal in accordance with Applicable Laws.

Valley Vista Services will provide 1-gallon and/or 2-gallon SHARP containers pre-approved by the County of Los Angeles. Upon request by the subscriber, Valley Vista Services personnel will personally and promptly deliver an empty Sharps container kit.

Each kit includes:

1. A government-approved plastic container specially-designed for sharps waste
2. Postage-prepaid mail-back shipping box
3. Pre-addressed shipping labels
4. Prepaid disposal

Valley Vista Services has identified Stericycle as their container and autoclave vendor for sharps disposal. Stericycle is the nation's largest supplier and processor of medical and sharps waste.

Once the pre-approved container is full, the subscriber completes a simple tracking form and ships the container back to Stericycle in the mail-back box. Upon receipt, Stericycle documents the delivery and properly treats and destroys the sharps container and its contents. It is convenient, safe, and confidential.

Upon shipment to Stericycle, the subscriber shall be required to contact Valley Vista Services for a new replacement container. Valley Vista Services shall distribute the 1-gallon or 2-gallon containers to each subscriber up to four times per year. If multiple residents in the same dwelling require additional capacity, Valley Vista Services may increase the container size and/or frequency upon mutual agreement with the subscriber, County staff and Valley Vista Services management.

Valley Vista Services will collect, transport and dispose of materials in accordance with Applicable Laws and will provide the following:

- A. Distribution of County approved Sharps containers (to include outreach efforts)
- B. Collections of Sharps containers
- C. Proper handling and disposal of containers in accordance with Applicable Laws.

Item B.10 - Director-Approved Subcontractors

Valley Vista Services will not be utilizing any Subcontractors.

Exhibit 17 – Contractor Documentation

Item B.11 - Backup Service Plan (Section 11C)

This item consists of 3 pages (including this page).

Valley Vista Services shall implement its Backup Service Plan within seven days of Director Request if Customer's Solid Waste is not collected at Customer's Set-Out Site or Abandoned Waste is not collected for any reason, including uncontrollable circumstances. An example is if Valley Vista Services drivers' strike or it is not possible to provide Contract Services in difficult to service areas due to severe weather conditions, especially on hillsides. In the event there is a protracted service disruption due to any cause, Valley Vista Services will institute many proactive actions to sustain Solid Waste Collection Services. Since Customers are expecting Collection, Transportation, and Disposal services that Valley Vista Services is not providing, Valley Vista Services shall not charge Customer or COUNTY for any of the services described below.

1. Provide Conveniently Located Dumpsters or Roll-off Containers

Valley Vista Services will place 3 or 4-yard Dumpsters and/or roll-off Containers throughout the community in key locations approved by Director.

2. Offer Self-Hauling Solid Waste to a Facility

Valley Vista Services will offer each Occupant the option of direct hauling and disposing of their solid waste at a facility normally used by Valley Vista Services for this Contract, 6 days per week. Valley Vista Services shall only charge the Customer for disposal costs for quantities beyond the Customer's normal service levels as evident in a copy of a recent bill provided by the Customer or Occupant. For example, a resident with 96-gallon Refuse, Recyclables and Green Waste Carts may dispose up to 0.5 cubic yards of Refuse and Divert up to 0.5 cubic yards of Recyclables and Green Waste each week.

Additionally, if Director determines the distance to the facilities is too far from Occupants, Valley Vista Services will arrange for a local facility to allow each Occupant to drop-off the Solid Waste.

3. Inform Customers of Temporary Procedures

Valley Vista Services guarantees the above service and disposal options will be made readily available to each Occupant. Valley Vista Services will provide Customers and Occupants with information on where and how to dispose of their solid waste by the following means:

- A phone option on its customer service line to hear a taped looped message.
- Arrange for the broadcast of COUNTY's 30-second Public Service Announcement video on local cable access channels with Valley Vista Services to customize it to the situation, such as having text appear on the screen announcing date, times, and addresses.

- Contact local print media and produce a press release.
- Contact Customers and Occupants via phone, email, or text messages.

4. Credit Policy for Missed Contract Services

A. Missed Collection

Since Customer is expecting a Collection Service not provided, Valley Vista Services shall credit Customer for each missed collection. For example, if a strike disrupts 2 weeks of the 4 Collections in a month, Valley Vista Services would credit Customer ½ of that month's fee toward the next month's fee.

B. Other Customer Services

When Valley Vista Services is unable to offer Customer Services other than curbside collection, such as Annual Curbside Cleanup, Mulch/Compost Giveaway events, or other required services, Valley Vista Services shall provide evidence of cost associated with those services and offer alternate services acceptable to Director.

5. Provide Replacement Drivers and Security

Valley Vista Services shall use Reasonable Business Efforts to require all properly trained and licensed employees to operate Collection Vehicles to maintain core Disposal and Diversion services. As described in the above paragraphs, Valley Vista Services shall be properly staffed to provide drop-off services for each Occupant. In addition to Valley Vista Services staff, Valley Vista Services shall use drivers or Vehicles from other operations and other waste haulers.

Finally, in cases of a strike, Valley Vista Services shall work closely with a private security firm to guarantee a safe and consistent operation.

6. Identify Customers Requiring Priority Service

Valley Vista Services shall prioritize public safety and emergency uses, and prioritize collection services to those locations in order to maintain health and safety measures. These service locations will be notified of any changes to service schedules or locations

Methodology of Allocating Materials

Valley Vista Services, Inc. shall haul all material collected in the franchise area of Hacienda Heights, to Grand Central Recycling and Transfer Station, , as stated in the original proposal.

Grand Central Recycling and Transfer Station, (GCR) has provided us with the following explanation of waste and recycling allocation. As required by this contract, Valley Vista Services, Inc. does not commingle any materials with any other municipality, agency or jurisdiction. All materials collected are segregated by truck and route, no collected material is commingled with any other collected material.

GCR provides transfer, processing and disposal services to Valley Vista Services, Inc. for all materials collected for the Hacienda Heights franchise community. GCR processes solid waste, commingled recyclables and greenwaste materials collected at the curb for the above stated community. All materials collected are weighed in upon delivery at our certified scales and processed through either the material recovery facility or the transfer station.

Tare Weights

All vehicles utilizing the GCR facility are weighed empty and loaded into the scale software systems so to determine the exact weights of the commodities being delivered. Each vehicle is individually identified by the truck number, route and tare weight.

Solid Waste

Solid Waste materials are first weighed at the certified scales before entering the facility. The exact net weight of the material collected is allocated to the jurisdiction from which the material was collected from. The municipal solid waste collected is then unloaded on the transfer floor and prepared for transfer to local landfills. GCR then allocates the tare weight of each vehicle to the final disposal facility. On a monthly basis, GCR will reconcile each load with weight records and allocations to local landfills.

Greenwaste

Greenwaste materials are handled in the same manner as solid waste is handled in that all weights are carefully tracked from the certified scales through final point of disposal. Each load of waste delivered is carefully allocated based upon tare weights on tons delivered.

Commingled Recyclables

Per the requirements of our contract with Valley Vista Services, Inc. GCR has conducted a waste characterization audit of the commingled blue cart recyclables delivered to GCR from Valley Vista Services, Inc. vehicles servicing the Hacienda Heights Community. This characterization provides for the allocation of each and all materials by weight. Each commodity collected in the collection process is segregated by weight and material classification. The waste characterization process is conducted on a random load of materials delivered from the appropriated jurisdiction, no two jurisdiction have the same waste characterization.

Each commingled vehicle is weighed at the certified scales and a tare weight is captured. The materials are then delivered to the processing area where all materials are sorted and processed for optimum diversion. GCR reconciles the post process by weighing all materials recovered. Each outbound commodity weight is collected and reconciled with the waste characterization for the facility. All residue materials are carefully tracked based upon the waste characterization and allocated to the appropriate jurisdiction.

Reporting

GCR is responsible for allocating all materials processed to the exact pound. All records are reconciled on a monthly basis based upon tare weights delivered, waste characterizations and final disposal weights. GCR reports the weight of each jurisdiction back to Valley Vista Services, Inc. and the County of Los Angeles Sanitation Districts, all recovered commodities are also reported back to Valley Vista Services, Inc..

Miscellaneous Materials

Bulky items/Self Haul

GCR also records all bulky items delivered, recovered via Valley Vista Services, Inc..and self-haul. In addition to Valley Vista Services, Inc..private citizens, gardeners and haulers deliver a significant amount of materials to GCR. GCR reports all materials based upon the jurisdiction of generation. All materials recovered are allocated based upon weight and jurisdiction of generation.

Mark:

Dear Mr. Perez:

This letter will serve as notice that Los Angeles County Sanitation Districts (LACSD) will have sufficient capacity at the Puente Hills Materials Recovery Facility (PHMRF) to provide up to 600 tons per month of source separated organic waste processing. However, without any contractual commitments, LACSD cannot commit to reserving any capacity for Valley Vista Services, Inc. for this "first come first served" tonnage allocation at the PHMRF.

Sincerely,

WASTE DISPOSAL AND PROCESSING AGREEMENT – VALLEY VISTA SERVICES, INC. AND COUNTY SANITATION DISTRICT NO. 2 OF LOS ANGELES COUNTY

This Waste Disposal and Processing Agreement (“**Agreement**”) is dated _____, 2022, and is between VALLEY VISTA SERVICES, INC., a California corporation (“**Company**”) and COUNTY SANITATION DISTRICT NO. 2 OF LOS ANGELES COUNTY, a county sanitation district organized and existing under the provisions of the County Sanitation District Act, Health and Safety Code Section 4700 *et seq.* (the “**District**”). The District and Company are referred to in this Agreement individually as a “**Party**” and collectively as “the **Parties**.” The terms and conditions of this Agreement become effective on October 1, 2022 (the “**Effective Date**”).

The District owns and operates a solid waste recycling and transfer system in the County of Los Angeles, California, that includes the Puente Hills Materials Recovery Facility (“**PHMRF**”), and the South Gate Transfer Station (“**SGTS**”). PHMRF and SGTS are referred to collectively in this Agreement as the “**District’s Facilities**.”

The District has adopted an ordinance known as the *Ordinance Prescribing Fee and Charge Rates for Solid Waste Management Activities at the Puente Hills Materials Recovery Facility (MRF), and the South Gate Transfer Station* (“**Ordinance**”). The Ordinance provides for the District to enter into agreements with customers to accept specific quantities of solid waste at the District’s Facilities on agreed terms and conditions, which may include commitments for delivery of minimum quantities of solid waste. The Ordinance also provides for the District to supply other solid waste management services at the District’s Facilities pursuant to agreements with customers, including the processing of food waste, and to establish fees, rates, and charges applicable to those services.

Company is willing to commit to deliver minimum quantities of solid waste to the District’s Facilities at agreed rates and to agree upon established rates for other solid waste management services. The Parties therefore agree as follows:

1. Definitions

Capitalized terms in this Agreement will have the meanings set forth in this Section 1, or as otherwise defined in this Agreement.

1.1 “**Acceptable Waste**” means waste that meets the following type and source of waste requirements:

a. **Types of Waste:** The types of waste that the District accepts at the District’s Facilities, including municipal solid and inert waste (“**MSW**”), Greenwaste, and source separated Food Waste. The District may change the types of wastes it accepts at the District’s Facilities at any time and from time to time.

b. **Source of Waste:** The waste must have been:

(i) Collected by Company in trucks owned or leased by

Company, or received at transfer stations or processing facilities owned by Company and collected or transferred by Company pursuant to franchise agreements or contracts between Company and waste generators; or

(ii) Waste that meets the conditions of Section 1.1.b(i) and is delivered by Company directly to a Third Party Transfer Station that delivers an equivalent amount of waste to the District’s Facilities (“**Third Party Transfer Station Acceptable Waste**”). All references in this Agreement to Monthly Tonnage Commitment and Acceptable Waste include Third Party Transfer Station Acceptable Waste.

1.2 **“Chief Engineer”** means the District’s Chief Engineer and General Manager, or his or her designee who is an employee of the District.

1.3 **“Fees and Taxes”** means any and all federal, state, local or other taxes, assessments, fees, host charges, gross receipts taxes or charges, surcharges, or similar charges directly or indirectly related to the acceptance, processing, storage, burial or disposal of material that are paid by or imposed on the District or the District’s Facilities or operations by law, ordinance, rule, regulation, or agreement with a governmental authority, whether imposed retroactively or prospectively.

1.4 **“Food Waste”** means source-separated food waste that has no more than 3% contamination by weight and is free of excessive amounts of small contamination that makes removal by hand difficult (e.g. oil, grease, bones, packaging, paper, cups, utensils, plastic containers, plastic bags, etc.). Acceptable materials in any quantity include fruits, vegetables, pastas, grains, rice, beans, bread, cheese, pastries and waste meat, eggs, poultry and fish material from residential sources and restaurants. Upon the Chief Engineer’s written approval, and subject to any conditions established by the Chief Engineer, Food Waste specifications may be changed and could also include wet-routed food and organic waste.

1.5 **“Greenwaste” or “Green Waste”** means source-separated trimmings from lawns, bushes and trees. The following items may not be in Green Waste loads: manure, palm fronds, limbs or stumps larger than six inches in diameter or eight feet in length, trash, dirt, piping or other items that are not vegetation. The District will not accept as GreenWaste loads that are odorous.

1.6 **“MSW”** means municipal solid and inert waste.

1.7 **“MSW Transfer”** means MSW received by the District that will be transferred offsite and may or may not include additional processing for diversion, at the District’s sole discretion.

1.8 **“Orange County Differential Fee”** means the additional transportation fee and landfill tipping fee that the District has to pay at Orange County landfills for the disposal of waste that originates in Orange County relative to the tipping fee for waste that originates outside of Orange County. The initial Orange County Differential Fee is \$15.05 per ton.

1.9 **“Third Party Transfer Station”** is a transfer station that is not owned or operated by Company.

1.10 **“Tipping Fee” or “Tipping Fees”** are the amounts payable to the District for each load of Acceptable Waste delivered to the District’s Facilities. Term This Agreement will become effective on October 1, 2022 and will expire at 11:59 p.m. on December 31, 2027, unless terminated sooner under the provisions of Section 10. The requirements for the Company to deliver and pay for Shortfall Tonnage will terminate on June 30, 2028.

3. Minimum Tonnage Commitment

3.1 During each calendar month of this Agreement, Company shall deliver to the District’s Facilities at least the number of tons of Acceptable Waste that is equal to the MonthlyTonnage Commitment, defined below.

3.2 The Company’s **“Monthly Tonnage Commitment”** is 1,000 tons per month minimum (Tier 2, as shown on the attached Table 1) including MSW, Green waste and Food Waste . The District shall reserve capacity at the District’s Facilities to accept at least the amount of the Monthly Tonnage Commitment from the Company each month.

a. **Voluntary Increases.** The Company may increase the Monthly Tonnage Commitment at any time by written notice to the District, which increase will become effective in the calendar month in which the notice is received by the District, and will continue in effect for the remainder of the term of this Agreement.

b. **Decreases.** The Chief Engineer shall prospectively reduce the Company's Monthly Tonnage Commitment following a written request by the Company based on the following conditions only in addition to other provisions of this Agreement:

(i) If the District stops accepting any type of waste that was previously Acceptable Waste that Company delivered to the District's Facilities, then the District will proportionately reduce the Company's Monthly Tonnage Commitment; or

(ii) A verifiable loss of tonnage due to a franchise or licensing action by a public agency through no fault of Company.

3.3 If Company fails to deliver the Monthly Tonnage Commitment during any calendar month (a "**Shortfall**"), subject to Company's right to make up Shortfall as described in the following sentence, Company shall be liable to the District for the Tipping Fee on the difference between the Monthly Tonnage Commitment and the actual tonnage delivered by Company (the difference, the "**Shortfall Tonnage**"). During the six calendar months following a Shortfall, Company may make up the Shortfall by delivering Acceptable Waste in the Shortfall Tonnage amount to the District's Facilities in addition to the Monthly Tonnage Commitment. To the extent that Company fails to make up the Shortfall Tonnage during the following six months the District shall add the Company's liability for the Shortfall to Company's regular monthly notice of charges as a separate item. The amount of the Company's liability will be the remaining tons of Shortfall multiplied by the Company's Tier rate for MSW Transfer at PHMRF for the month in which the Shortfall occurred. After December 31, 2027, the amount of the Company's liability will be the remaining tons of Shortfall multiplied by the posted Gate Rate for MSW at the PHMRF.

3.4 **No Brokering.** The Monthly Tonnage Commitment may only be met through Company's own collected Acceptable Waste. Company shall not include, and the District will not accept, as any part of the Company's Monthly Tonnage Commitment any waste collected by third party hauling companies. The Company shall pay the applicable posted Gate Rate for any third party hauling company-collected waste that the Company delivers to the District's Facilities.

4. Tipping Fees and Rate Discounts

4.1 **Tipping Fee.** The Company shall pay a Tipping Fee to the District for each load of Acceptable Waste that Company delivers to the District's Facilities.

4.2 **Gate Rate; Volume Discount Rates.** For MSW Transfer and Greenwaste, the District has established a general rate known as the "**Gate Rate**" for each waste type that includes all Fees and Taxes. In exchange for the delivery of the guaranteed Monthly Tonnage Commitment, the District will discount the Company's per-ton Tipping Fee rates as set forth in the attached Table 1, and as further described below. If there is any conflict between the language in the sections below and Table 1, Table 1 will govern.

a. **MSW Transfer.** The Company's MSW Transfer Tipping Fee rate will be the Gate Rate reduced by the applicable discount factor for the Company's Monthly Tonnage Commitment. Discount factors for MSW Transfer are shown in Table 1. For waste originating in Orange County, the Tipping Fees for MSW Transfer are the rates in Table 1 plus the Orange County Differential Fee.

b. **Food Waste.** The initial Tipping Fee rate for source-separated Food Waste is \$10.00 per ton less than the posted Gate Rate for Food Waste at the PHMRF. Unacceptable Food Waste will be charged the applicable per-ton MSW Transfer Tipping Fee rate and may qualify to be partially diverted depending on the quality of the load.

c. **Greenwaste.** The Tipping Fee rate for Greenwaste will be the posted Gate Rate for Greenwaste at the District's Facilities. Unacceptable Greenwaste will be charged the applicable per-ton MSW Transfer Tipping Fee rate and may qualify to be partially diverted depending on the quality of the load.

4.3 Tipping Fees for Tonnages in Excess of Monthly Tonnage Commitment.

If the Company delivers tonnage in excess of the upper tonnage limit of the Tier associated with its Monthly Tonnage Commitment, then the Company will be billed by the District at Tipping Fee rates associated with the next Tier for the total actual monthly tons delivered, with the condition that the Company can only qualify for Tipping Fees rates corresponding to the next higher Tier above its committed Tier. However, if the Company delivers tonnage to the District's Facilities in excess of the upper tonnage limit of the Tier associated with its Monthly Tonnage Commitment for a period of six consecutive months, then beginning in the seventh month, the Company will no longer qualify for the Tipping Fees associated with the higher Tier unless the Company increases its Monthly Tonnage Commitment to the higher Tier by providing the District with written notice pursuant to Section 3.2.a.

4.4 Examples.

a. **Example 1 – Within Tier:** If the Company has a Tier 2 commitment (1,000-2,000 tons per month) and delivers 1,500 tons in July 2024, then the District will charge, and the Company shall pay Tier 2 Tipping Fees for all tonnage delivered in July 2024.

b. **Example 2 – Exceeds Tier for Less Than Six Months:** If the Company has a Tier 2 commitment and delivers 7,500 tons in July 2024 through November 2024 and 1,500 tons in December 2024, then the Company will be charged Tier 3 Tipping Fees for all tonnage delivered in July 2024 through November 2024 and Tier 2 rates for all tonnage delivered in December 2024.

c. **Example 3 – Exceeds Tier for Longer Than Six Months:** If the Company has a Tier 2 commitment and delivers 7,500 tons in July 2024 through January 2025, then the Company will be charged Tier 3 Tipping Fees for all tonnage delivered in July 2024 through December 2024 and Tier 2 rates for all tonnage delivered in January 2025 unless the Company increases its Monthly Tonnage Commitment to a Tier 6 level.

4.5 Changes to Gate Rates.

a. The District may adjust the Gate Rates from time to time at its sole discretion. The Gate Rates are established by the District by or pursuant to the Ordinance.

b. The Gate Rate is composed of a base rate and Fees and Taxes (defined below).

c. The Parties acknowledge that solid waste disposal is a highly regulated and highly-taxed enterprise. From time to time, state, federal, and local governments impose new Fees and Taxes or increase existing Fees and Taxes on the District's operation of the District's Facilities. In addition, changes in laws and regulations may require additional investment of capital and may cause the District's costs of operations to increase. If new or increased Fees and Taxes or additional regulatory compliance costs are imposed, assessed, levied on, or charged to the District, or if increased operational costs result from changes in regulations, permit conditions or regulatory interpretation, the District will adjust the applicable Gate Rate

and Tipping Fee rates so that all such new or increased Fees and Taxes and cost increases are passed through to Company.

d. Beginning on July 1, 2023 and each July 1 thereafter, the District shall adjust the Orange County Differential Fee by the amount of any annual percent increase in the April to April Consumer Price Index for All Urban Consumers for Los Angeles-Long Beach-Anaheim.

e. At least 30 days before any increase in any Tipping Fee rates for MSW Transfer, Food Waste, or Greenwaste, the District shall notify Company of the District's new rates, and the District shall include with the notice a description of how the new rates were calculated pursuant to this Agreement.

5. Use of District's Facilities

5.1 PHMRF is currently open to receive waste and recyclables from 4:00 a.m. to 5:00 p.m., Monday through Saturday. Monday through Friday and 6:00 a.m. to 1:30 p.m. on Saturday. SGTS is currently open to receive waste from 6:00 a.m. to 5:00 p.m., Monday through Saturday.

5.2 The District may change the hours of operation for the District's Facilities at any time and for any reason. The District shall give Company reasonable notice of any change to the hours of operation. The Monthly Tonnage Commitment will be proportionately reduced if there is any change in those hours of operation that materially affects Company's ability to meet the Monthly Tonnage Commitment. The District's Facilities will be closed on Sundays and on New Year's Day, Memorial Day, July 4th, Labor Day, Thanksgiving and Christmas Day. The District shall give the Company reasonable notice of any other closures; however, so long as any one of the District's Facilities is open, the Company's Monthly Tonnage Commitment will not be reduced.

6. Rejection of Waste

6.1 The District shall conditionally accept each load of Acceptable Waste delivered by Company's vehicles to the District's Facilities, but may, by written notice to Company, revoke its acceptance if the District determines that any waste delivered by Company either is not acceptable for receipt at the District's Facilities, or constitutes Unacceptable Waste as defined below (collectively "**Rejected Waste**"). The District's initial acceptance of Rejected Waste at the District's Facilities will not transfer ownership of the Rejected Waste to the District but merely creates a bailment, and the District's revocation of acceptance of the Rejected Waste will operate to immediately transfer the risk of loss and responsibility for proper disposal of the Rejected Waste to Company.

6.2 "**Unacceptable Waste**" means any waste that:

- a. If disposed of at the District's Facilities would violate any applicable law or any District permit condition;
- b. Is a hazardous waste or a hazardous substance as those terms are defined under applicable law;
- c. Is a designated waste or Class II waste under applicable law; or
- d. Has or may have constituents or components not specifically identified in any waste material profile or similar document and which, in judgment of the Chief Engineer increases the nature or extent of the hazard and risk of handling or disposing of the waste materials, but only if that judgment is consistently applied to all waste delivered to the District's Facilities.

6.3 Within 48 hours after receiving written notification from the District that

identified wastes delivered to the District's Facilities by Company are Rejected Waste (**"Rejection Notice"**), Company shall (1) promptly re-take (or arrange to re-take) possession of the Rejected Waste or (2) make arrangements satisfactory to the District for the removal of the Rejected Waste from the District's Facilities. If Company fails to take possession of the Rejected Waste or make suitable arrangements satisfactory to the District within 48 hours of the Rejection Notice, the District may arrange for the removal of the Rejected Waste from the District's Facilities and for its transportation and disposal at a facility permitted to accept the Rejected Waste in accordance with applicable law and Company shall promptly reimburse the District for all of the District's costs and expenses incurred by the District in testing, clean-up (including remediation-related costs and expenses), handling, loading, preparing, transporting, storing, disposing, and returning the Rejected Waste to Company or transporting Rejected Waste to an alternative disposal facility upon the District's presentation of a notice of charges for such costs to Company.

7. Contamination

7.1 Food Waste must not have more than 3% contamination by weight.

Greenwaste must not have more than 1% contamination by weight, which has been the standard for Greenwaste acceptance at the District's Facilities since November 1, 2013 . Company's drivers will have the opportunity to clean up loads of Greenwaste and to put contamination back into their trucks as long as this effort can be conducted in a safe manner and does not unreasonably interfere with the operations of the District's Facilities. **"Contamination"** means anything that is not the primary commodity in each truckload of source-separated material delivered to the District's Facilities. Company shall not deliver any loads that contain any contamination that would impede the District's ability to receive, process, store, or sell the materials (e.g. the material creates excessive odors, attracts flies, etc.).

7.2 If the Chief Engineer determines that a load of source-separated materials is contaminated, then the Chief Engineer and Company shall negotiate in good faith to agree upon a price that is mutually acceptable for that load. Company shall use commercially reasonable efforts to have the generator of the material reduce the amount of contamination to a level acceptable to the District. If Company is unable to consistently provide loads that have an acceptable level of contamination from any particular generator, the Chief Engineer and Company shall negotiate in good faith to attempt to reach an agreement agree on a mutually acceptable new price for the more-contaminated commodity.

8. Notice of Charges

8.1 The District shall give notice of charges to Company each month for all tons of Acceptable Waste delivered to the District's Facilities by Company during the preceding calendar month. Company shall pay all undisputed charges within 15 days after receipt of notice of charges.

8.2 Charges become delinquent 45 days after the date of the notice of charges.

The District shall impose a service charge of 10% of the delinquent balance not paid within 75 days. If Company does not pay the account balance within 105 days, the District shall charge interest on the total of the unpaid balance and any service charges at the rate of 0.5% per month. If Company has an unpaid balance for 105 days, the District may suspend Company's access to all solid waste facilities operated by the District until Company's account balance is paid in full. Suspension of Company's access to the District's solid waste facilities as a result of Company's uncured breach of this Agreement will not affect Company's obligation to meet its Monthly Tonnage Commitment.

8.3 If Company disputes the amount of any charges, Company shall give the District written notice of the dispute within 20 days after Company receives the notice of charges that contains the disputed charge. In the written notice of dispute, Company shall state the basis for the disputed amount with sufficient specificity to allow the District to investigate Company's claim. If Company fails to dispute a notice of charges within 20 days after the date of the notice of charges, Company will be conclusively presumed to have waived its right to dispute the amount of the notice of charges. Tonnage amounts of Acceptable Waste used for billing will be determined using the District's weigh scales at the District's Facilities at the time Company delivers each load of Acceptable Waste.

8.4 If Company uses or seeks to use the District's Solid Waste Disposal Credit Account system, then Company shall complete the District's Solid Waste Disposal Credit Application and comply with all the District's terms and conditions related to that application, except that timing for interest and service charges for the District's Facilities (only as defined in this Agreement) will be governed by the terms of this Agreement. The security deposit and all other requirements of the Solid Waste Disposal Credit Application will remain requirements of maintaining a credit account with the District.

8.5 Company may pay monthly invoices with a bank credit card. For credit card payments, a convenience fee will be charged in addition to the invoiced amount.

8.6 Company shall not deliver any waste to the District's Facilities that is defined as Unacceptable Waste under this Agreement. Only Acceptable Waste may be delivered to the District's Facilities under this Agreement. Company shall maintain commercially reasonable records and supporting source documents evidencing the origin of all waste delivered to the District's Facilities for a minimum of five years. The District may, through its duly authorized agents or representatives, examine and audit records and supporting source documents maintained by Company concerning the origin of waste delivered to the District's Facilities at any and all reasonable times after 30 days written notice for determining the accuracy of those records and of the reports provided to the District pursuant to this Agreement. The full cost of the audit, as determined by the District, must be paid by Company if any of the following conditions exist:

- a. The audit reveals that the Company engaged in deliberate brokering or knowingly delivered Unacceptable Waste; or
- b. Company has failed to maintain true and complete books, records, accounts, and supporting source documents substantially in accordance with this Section 8.6. Otherwise the District shall bear the cost of the audit.

9. Indemnity
