

Dear Customer:

The County of Los Angeles Board of Supervisors recently awarded **Valley Vista Services, Inc.** a ten-year exclusive contract to provide solid waste collection services which include weekly commercial trash, recycling, and organic waste services within the unincorporated community of **Gateway**. Effective October 1, 2022, **Valley Vista Services** will be the new waste hauler for your community.

Valley Vista Services is a family-owned and operated organization that has been providing high-quality solid waste and recycling collection services to the greater Los Angeles area since 1957. We believe in our commitment to maintaining the quality of life in the communities we serve. That is why we are involved in building and sustaining strong relationships with our community partners

This new exclusive commercial franchise contract will provide solid waste collection services in carts, dumpsters and roll-off collection containers. All customers will receive an automatic subscription of trash, recycling and organic waste collection services. Every customer will be provided a black container that will collect both refuse and recycling materials together and a green container that will collect organic waste only. The minimum base rate for refuse includes the equivalent of a 64-gallon cart of weekly organic waste collection service per customer at no additional charge unless the customer requires service beyond the minimum. Any additional containers are available for an additional cost. The discarded materials in the black container will be taken to a processing facility to separate refuse from recyclable materials. All service rates will be posted on Valleyvistaservices.com and CleanLA.com.

Multifamily and residential customers are entitled to receive free on-call bulky item collections at a specified maximum amount per year depending on the number of units on the premises, Christmas tree collection, and sharps collection. Senior residents with dumpster services may be eligible for a 25% discount if they meet the criteria. Additionally, businesses are entitled to receive up to six free on-call bulky item collections per year. A summary of your new collection services, service rates, and extra services fees, will be enclosed in your Subscription Order Form and Bill of Rights. Please contact our Customer Service Department for additional information or to request special services such as roll-out/scout service, senior discount, container exchanges and cleanings, extra containers and more.
