LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE (TF)
2023-2024 SESSION
APRIL 20, 2023**

Bill	Author	Topic	Alignment with TF Policy	Notes
AB 1594	Garcia	Medium- and heavy-duty zero-emission vehicles: public agency utilities.	Aligned – Consider Support and Amend	<p>Would require any state regulation that seeks to require, or otherwise compel, the procurement of medium- and heavy-duty zero-emission vehicles by a public agency utility to ensure that those vehicles can support a public agency utility’s ability to maintain reliable water and electric services, respond to disasters in an emergency capacity, and provide mutual aid assistance statewide and nationwide, among other requirements. Would define a public agency utility to include a local publicly owned electric utility, a community water system, and a wastewater treatment provider.</p> <p>The bill is currently aligned with TF Policy – recommending consider “Support and Amend” as the bill would recognize and take into consideration the vast diversity of fleet size, terrain, and climate, and authorize public agency utilities to purchase replacements for traditional utility specialized vehicles that are at the end of life when needed to maintain reliable service and respond to major foreseeable events, including, but not limited to, severe weather, wildfires, natural disasters, and physical attacks.</p> <p>Recommended Amendment:</p> <ul style="list-style-type: none"> Expand the proposed bill’s provisions to incorporate essential public service vehicles including private firms with emergency response activities and responsibilities.
AB 1705	McKinnor	Solid waste facilities: state policy goals	Not Aligned – Consider Oppose	<p>Would prohibit a person from establishing or expanding a transformation facility or an EMSW conversion facility in the state until CalRecycle has determined that the state has achieved solid waste and organic waste policy goals of the state for 3 consecutive years.</p> <p>This bill is currently not aligned with TF Policy – recommending consider “Oppose” as the bill would further restrict current regulatory barriers that exist for the</p>

				development of these technologies in the state, including the lack of guidance on how these facilities could be permitted by CalRecycle.
SB 665	Allen	Plastic waste: single-use plastics alternatives: working group.	Aligned – Consider Support if Amended / Oppose Unless Amended	<p>Would require the California Environmental Protection Agency, by January 1, 2025, to establish a working group consisting of CalRecycle, the State Water Resources Control Board, DTSC, and the Office of Environmental Health Hazard Assessment to establish a framework for evaluating novel material types as they are developed to inform state policy decisions.</p> <p>This bill is currently aligned with TF Policy – recommending consider a “Support if Amended / Oppose Unless Amended” as the bill would require the EPA and other state agencies to establish a working group to develop a framework that would:</p> <ol style="list-style-type: none"> 1) Ensure the framework can be used as a comparative tool to assess novel material types to determine potential impacts to human health and the environment. 2) Consider trade-offs between sustainability objectives and risks, including, but not limited to, GHG emissions, freshwater usage, impacts to public health, particularly in low-income and disadvantaged communities, and pollution. 3) Consult with academic experts in this sector, industry innovators, environmental advocacy organizations, and environmental justice advocates. <p>Recommended amendments to:</p> <ul style="list-style-type: none"> • Section 40201 of the PRC – Revise the definition of “Transformation” to exclude “Incineration” • Section 42375 (a) – Amend to expand the inclusion of CARB, the Dept of Public Health, and the solid waste management industry in the working group. • Section 42375 (c) – Amend to have the working group include CTs (Advanced Recycling

BILL	AUTHOR	STATUS	SUMMARY	TASK FORCE POSITION
AB 2	Ward	<p>Amended March 16, 2023</p> <p>Assembly Natural Resources Committee</p>	<p>Recycling: solar photovoltaic modules.</p> <p>Proposed Law: Would require a manufacturer of solar photovoltaic panels sold or offered for sale in this state, or its agent, to develop an end-of-life management plan for the management and recycling of the solar photovoltaic panels it manufactured and the component materials. Would specify the required contents of an end-life management plan and would require CalRecycle to provide guidelines for developing an end-life management plan. Requires an end-of-life plan be submitted to CalRecycle for approval and would require a manufacturer or its agent to implement the plan as approved. Requires a manufacturer or its agent to report to CalRecycle annually regarding the implementation of its end-of-life management plan.</p>	Watch
AB 9	Muratsuchi	<p>Amended April 17, 2022</p> <p>Assembly Natural Resources Committee</p>	<p>Greenhouse gases: market-based compliance mechanism.</p> <p>Proposed Law: This bill would require the state board to initiate a regulatory process to evaluate potential updates to the market-based compliance mechanism and would require regulatory changes to take effect no later than January 1, 2025. Requires the evaluation to focus on specified items, including whether the supply of emission allowances and carbon offsets are consistent with a linear trajectory toward the statewide greenhouse gas emissions reduction goal established in the state board's most recent scoping plan, rules for banking allowances to use for future compliance, and recommendations made by the Independent Emissions Market Advisory Committee and the state board's environmental justice advisory committee. Requires the state board, beginning January 1, 2028, and subsequently on a triennial basis and in consultation with the Independent Emissions Market Advisory Committee and the environmental justice advisory committee, to conduct an evaluation of the market-based compliance mechanism.</p>	Watch
AB 234	Bauer-Kahan	<p>Amended March 30, 2023</p> <p>Assembly Natural Resources Committee</p>	<p>Microparticles.</p> <p>Proposed Law: This bill would enact the Synthetic Polymer Microparticles in Cosmetic and Cleaning Products Prevention Act. Would prohibit a synthetic polymer microparticle from being placed on the market in this state as a substance on its own or, where the synthetic polymer microparticles are</p>

			<p>present to confer a sought-after characteristic, in mixtures in a concentration equal to or greater than 0.01% by weight. The bill would specify the screening tests and pass criteria to be used for purposes of determining compliance with this prohibition. Would impose a civil penalty not to exceed \$5,000 per day for each violation, in addition to any other penalty established by law.</p>	
AB 241	Reyes	<p>Amended March 23, 2023</p> <p>Assembly Transportation Committee</p>	<p>Clean Transportation Program: Air Quality Improvement Program: funding.</p> <p>Proposed Law: The bill would expand the purpose of the program to include developing and deploying innovative technologies that transform California’s fuel and vehicle types to help reduce criteria air pollutants and air toxics. Would no longer require the commission to provide certain project preferences and would require the commission to ensure program investments support specified requirements. Requires the commission, on and after January 1, 2025, to expend at least 50% of the moneys appropriated to the program on programs and projects that directly benefit or serve residents of disadvantaged and low-income communities and low-income Californians and would require at least 50% of funding for tangible location-based investments to be expended in disadvantaged and low-income communities.</p>	
AB 246	Papan	<p>Amended April 12, 2023</p> <p>Assembly Appropriations Committee</p>	<p>Product safety: menstrual products: perfluoroalkyl and polyfluoroalkyl substances.</p> <p>Proposed Law: Beginning January 1, 2025, prohibits any person from manufacturing, distributing, selling, or offering for sale in the state any menstrual products that contain regulated PFAS, and requires a manufacturer to use the least toxic alternative when removing regulated PFAS in menstrual products to comply with these provisions. Would require a manufacturer of a menstrual product to provide persons that offer the product for sale or distribution in the state with a certificate of compliance stating that the menstrual product is in compliance with these provisions and does not contain any regulated PFAS. Would impose a civil penalty not to exceed \$5,000 for a first violation and not to exceed \$10,000 for each subsequent violation, upon an action brought by the Attorney General, a city attorney, a county counsel, or a district attorney.</p>

BILL	AUTHOR	STATUS	SUMMARY	TASK FORCE POSITION
AB 324	Pacheco	Amended March 27, 2023 Assembly Natural Resources Committee	Gas corporations: renewable gas procurement. Proposed Law: Would require the PUC to open a new proceeding/phase of an existing proceeding, to consider establishing procurement goals for renewable hydrogen, and consider requiring each gas corporation and core transport agent to annually procure a proportionate share of renewable hydrogen to meet these goals. Would require the PUC to make specified findings before establishing renewable hydrogen procurement targets or goals.	
AB 347	Ting	Amended April 11, 2023 Assembly Appropriations Committee	Household product safety: toxic substances: testing and enforcement. Proposed Law: This bill would require the DTSC to enforce and ensure compliance with the Cleaning Product Right to Know Act of 2017, requires DTSC to select and test samples from the designated products regulated under the act to test for compliance and ensure compliance with PDAS prohibitions; requires DTSC to further test samples of juvenile products and food packaging to test for compliance. Authorizes DTSC to assess administrative fines starting at \$1,000 and up to no more than \$10,000 against manufacturers of products that are tested and found to be in violation of the labeling and requirement or the PFAS prohibition.	
AB 348	Ting	Introduced January 31, 2023 Assembly Natural Resources Committee	Beverage containers: producer responsibility score. Proposed Law: This bill would revise the number of days requiring CalRecycle to post, within 30 days (instead of 45), the report with the amount of virgin plastic and postconsumer recycled plastic used by a manufacturer for plastic beverage containers.	
AB 397	Essayli	Introduced February 4, 2023 Assembly Natural Resources Committee	California Global Warming Solutions Act of 2006: scoping plan Proposed Law: This bill will require the State Air Resources Board to include GHG emissions from wildlands and forest fires in the scoping plan.	
AB 495	Hoover	Introduced February 7, 2023	Battery recycling: records retention. Proposed Law: This bill would require DTSC to continue to post on its internet website the estimated amount, by weight, of each type of

		Assembly Environmental Safety and Toxic Materials Committee	rechargeable battery returned for recycling in California during the previous calendar year on and after October 1, 2026.	
AB 530	Horvath	Amended March 9, 2023 Assembly Natural Resources Committee	Methane emissions. Proposed Law: This bill would require the state board to consult with the aforementioned stakeholders to gather and acquire the necessary information to estimate, using the best available and cost-effective scientific and technical methods, methane emissions from landfills in the state. The bill would require the state board, no later than December 31, 2024, to update relevant policies and programs to incorporate this information. The bill would require the state board to consider additional policies to encourage the use of natural gas produced in the state with the lowest life-cycle emissions.	
AB 573	Garcia	Amended March 16, 2023 Assembly Appropriations Committee	Organic waste: meeting recovered organic waste product procurement targets. Proposed Law: This bill requires CalRecycle's regulations to allow a local jurisdiction, until December 1, 2039, in procuring recovered organic waste products to meet the target procurement requirements, to use California-derived recovered organic waste that the local jurisdiction sends for processing at a facility or operation outside of the state that meets certain conditions.	
AB 592	Wilson	Amended April 18, 2023 Assembly Local Government Committee	Vehicles: nonfranchise solid waste haulers. Proposed Law: The bill would authorize a county to adopt an ordinance to regulate the transport of solid waste by nonfranchise solid waste haulers on public roads in unincorporated areas of the county.	
AB 678	Alvarez	Amended March 27, 2023 Assembly Natural Resources Committee	Biomethane procurement targets or goals: core transportation agents. Proposed Law: This bill would revise that latter requirement to instead CPUC to consider adopting specific biomethane procurement targets or goals for each gas corporations and core transport agents.

AB 727	Weber	Amended April 13, 2023 Assembly Appropriations Committee	Product safety: cleaning products: perfluoroalkyl and polyfluoroalkyl substances. Proposed Law: Beginning January 1, 2025, would prohibit a person from manufacturing, selling, delivering, distributing, holding, or offering for sale in the state a cleaning product that contains regulated PFAS at or above specified thresholds. Would impose a civil penalty not to exceed \$5,000 for the first violation and not to exceed \$10,000 for subsequent violations.	
AB 777	Cervantes	Amended March 14, 2023 Assembly Appropriations Committee	Hazardous waste: Stringfellow Quarry Class I Hazardous Waste Disposal Site. Proposed Law: This bill would prohibit any waste generated from a site other than the Stringfellow Quarry from being treated, stored, transferred to, or disposed at the Stringfellow Quarry Class I Hazardous Waste Disposal Site. The bill would require the department to provide notice, as specified, if any material or substance generated from a site other than the Stringfellow Quarry is treated, stored, transferred to, or disposed of at the Stringfellow Class I Hazardous Waste Site.	
AB 861	Santiago	Amended March 23, 2023 Assembly Appropriations Committee	Hazardous waste: Exide Technologies facility. Proposed Law: This bill would require DTSC to contract with an entity that has expertise in remediating contaminated sites for the purpose of reviewing the department's residential cleanup near the former Exide Technologies lead-acid battery recycling facility in the City of Vernon. Requires the contractor to meet with members of the community to hear comments or concerns about the cleanup and provide its findings to the board. Requires the board to post the contractor's findings on the board's internet website.	
AB 863	Aguiar-Curry Dodd	Amended March 30, 2023 Assembly Appropriations Committee	Carpet recycling: carpet stewardship organizations: fines: succession: procedures. Proposed Law: The bill would make a carpet stewardship organization that violates a provision of the carpet stewardship law 3 times ineligible to act as an agent on behalf of manufacturers to design, submit, and administer a carpet stewardship plan and would apply, in that event, the successorship process. This bill would increase penalty amounts to \$10,000 per day or \$50,000 per day, respectively. Requires a carpet stewardship organization,

BILL	AUTHOR	STATUS	SUMMARY	TASK FORCE POSITION
		Assembly Appropriations Committee	Proposed Law: This bill would authorize CalRecycle, beginning July 1, 2024, and upon appropriation by the Legislature, to collect and properly manage illegally disposed hazardous waste and household hazardous waste regardless of whether they were codisposed with nonhazardous solid waste. Requires CalRecycle to annually seek up to \$500,000 from DTSC in reimbursement for grants awarded and program cost incurred. Would also prohibit CalRecycle from expending funds from the IWM Fund for purposes of this program in excess of the amount reimbursed by DTSC.	
AB 1238	Ward	Amended March 21, 2023 Assembly Appropriations Committee	Hazardous waste: solar panels. Proposed Law: This bill would require DTSC to develop alternative management standards for managing photovoltaic modules, Would specify parameters for the standards, including, but not limited to, that they promote the safe collection, reuse, and recycling of photovoltaic modules. Requires DTSC to hold at least one public workshop to discuss concepts for the standards with stakeholders before submitting an initial statement of reasons to the Office of Administrative Law.	
AB 1290	L. Rivas	Amended March 21, 2023 Assembly Appropriations Committee	Product safety: plastic packaging: substances. Proposed Law: This bill would prohibit, beginning January 1, 2026, a person from manufacturing, selling, offering for sale, or distributing in the state, (1) opaque or pigmented polyethylene terephthalate plastic bottles, and (2) plastic packaging that contains certain chemicals, pigments, or additives. W Would exclude from that prohibition packaging used for certain medical, drug, and federally regulated products	
AB 1347	Ting	Amended April 19, 2023 Assembly Privacy and Consumer Protection Committee	Solid waste: paper waste: proofs of purchase. Proposed Law: This bill would require a business that accepts payment through cash, credit, or debit transactions to provide a consumer with certain options related to the receipt of the consumer's proof of purchase and would prohibit a business from printing a paper proof of purchase if the consumer opts to not receive a proof of purchase, unless otherwise required by state or federal law. Would not require the proof of purchase to be provided in electronic form if the business is incapable of sending an electronic proof of purchase due to unexpected technical difficulties. Prohibits a paper proof of

			purchase provided to a consumer by a business from containing bisphenol A or bisphenol S, and from including items not essential to the transaction, including, but not limited to, coupons or advertisements. Would specify that the first and 2nd violations of any of those provisions would result in a notice of violation and any subsequent violation would be punishable by a civil penalty of \$25 for each day the business is in violation, but not to exceed an annual total of \$300.	
AB 1489	Wood	Amended April 12, 2023 Assembly Natural Resources Committee	Solid waste: compostable polymers. Proposed Law: This bill would define “compostable polymers” as products that are eligible to be labeled with the terms “compostable” or “home compostable.” The bill would exempt compostable polymers from the 25% source reduction requirements.	
AB 1526	Committee on Natural Resources	Amended April 10, 2023 Assembly Natural Resources Committee	Public Resources. Proposed Law: Would change the deadline for the Department of Conservation to post all results of the testing on its internet website from January 1, 2022, to January 1, 2025; would change the deadline for independent experts contracted to undertake the study to complete the written document from July 1, 2022, to July 1, 2025; would change the deadline for the division to make the results of the study available on its internet website from January 1, 2023, to January 1, 2028. Additionally, would require a producer responsibility plan to include arrangements with processors or recyclers to ensure that covered materials that are not collected through a curbside collection program or other local collection program are collected and recycled at a viable responsible end market. Requires the producer responsibility plan to include a mechanism and schedule for transferring specified fee proceeds to local jurisdictions. Furthermore, would delete the requirement for a producer not in a PRO to pay the environmental mitigation surcharge on July 1 of each year. Would instead require the CDTFA to mail to each person liable for the environmental mitigation surcharge a notice of determination within 90 days as received from CalRecycle regarding who is liable for the environmental mitigation surcharge and the amounts to be assessed. Lastly, would, among other things, eliminate the exemption from the CARE program of aerosol spray paint and would provide that architectural paint includes aerosol	Watch

LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE (TF)
2023-2024 SESSION
APRIL 20, 2023**

BILL	AUTHOR	STATUS	SUMMARY	TASK FORCE POSITION
			January 1, 2025. Authorizes CalRecycle to adjust processing payments based on the applicable preceding 3-month average scrap value instead of the prior 12-month scrap value.	
SB 378	Gonzalez	Introduced February 9, 2023 Senate Natural Resources and Water Committee (2-Year Bill)	State parks: state beaches: expanded polystyrene food container and cooler ban. Proposed Law: This bill would require the Department of Parks and Recreation to develop and post signs at strategic locations of state beaches and units of the state park system operated by the department to provide notice of the expanded polystyrene prohibition. The bill would require the expanded polystyrene prohibition to be enforced at a state beach or unit of the state park system only after appropriate signs have been posted pursuant to these provisions.	
SB 552	Newman	Introduced February 15, 2023 Senate Rules Committee	Solid waste: single-use foodware accessories and single-use food packaging. Proposed Law: Intent bill to enact future legislation that would prohibit a restaurant from providing a dine-in customer with any single-use foodware accessory or single-use food packaging.	
SB 560	Laird	Amended March 22, 2023 Senate Judiciary Committee and Senate Environmental Quality Committee	Solid waste: gas cylinders: stewardship program. Proposed Law: This bill would establish a stewardship program for gas cylinder products and would authorize producers of those products to establish one more producer stewardship organization for that purpose. Would require each producer or producer stewardship organization to submit a gas cylinder stewardship plan to CalRecycle that details, among other things, convenient and accessible opportunities for the recovery of gas cylinders used by consumers. Would prohibit gas cylinder producers that are not participating in a department-approved stewardship plan from supplying, selling, or offering for sale gas cylinders in the state. Requires CalRecycle to set, review, and revise necessary convenience and performance standards and ensure appropriate data metrics for the gas cylinder stewardship program.	Support In Concept
SB 568	Newman	Amended April 10, 2023	Electronic waste: export.

LOS ANGELES COUNTY INTEGRATED WASTE MANAGEMENT TASK FORCE (TF)
2023-2024 SESSION
APRIL 20, 2023**

BILL	AUTHOR	STATUS	SUMMARY	TASK FORCE POSITION
		Senate Environmental Quality Committee	Proposed Law: This bill would add to the requirements for export of covered electronic waste or a covered electronic device a requirement for the person to state that they attempted to locate in-state e-waste recycling facility before exporting the waste or device and would subject the person to a fine of up to \$1000 for false statement.	
SB 615	Allen	Amended April 12, 2023 Senate Transportation Committee Hearing April 25	Vehicle traction batteries. Proposed Law: This bill would require vehicle traction batteries in the state to be recovered and reused, repurposed, or remanufactured and eventually recycled at the end of their useful life in a motor vehicle or any other application. Would also require a vehicle manufacturer, dealer, automobile dismantler, automotive repair dealer, and nonvehicle secondary user to be responsible for ensuring the responsible end-of-life management of a vehicle traction battery once it is removed from a vehicle or other application to which the vehicle traction battery has been used. would make a vehicle or battery manufacturer responsible for collecting a stranded battery, as defined, and repurposing the battery, if possible, but would require the manufacturer to ensure the battery is recycled if it cannot be reused. Requires, by January 1, 2025, a battery supplier, as described, to be responsible for the development of a core exchange program for replacing a battery, module, or cell removed from a vehicle, as specified. Requires a battery supplier to annually submit a report to STSC. Requires a qualified facility buying removed batteries to submit a report containing specified information to DTSC and would require specified entities that remove a battery from a vehicle that is still in service to participate in the core exchange program. Would make a secondary user that purchases a battery that was removed from a vehicle responsible for ensuring the battery is sent to a qualified facility at the end of the battery's useful life and reporting specified information to DTSC.	
SB 665	Allen	Introduced February 16, 2023 Senate Appropriations Committee	Plastic waste: single-use plastics alternatives: working group. Proposed Law: This bill would require the California Environmental Protection Agency, by January 1, 2025, to establish a working group consisting of CalRecycle, the State Water Resources Control Board, DTSC, and the Office of Environmental Health Hazard Assessment to establish a framework for evaluating novel material types as they are developed to inform state policy decisions.

BILL	AUTHOR	STATUS	SUMMARY	TASK FORCE POSITION
SB 707	Newman	Amended April 11, 2023 Senate Judiciary Committee	Responsible Textile Recovery Act 2023. Proposed Law: This bill would enact the Responsible Textile Recovery Act of 2023, which would require producers either independently or through the creation of one or more stewardship organizations, to establish a stewardship program for the collection and recycling of a covered product. This bill would define a “covered product” to include any apparel, textile, or textile article that is unsuitable for reuse by a consumer in its current state or condition. Requires CalRecycle to post on its internet website a list of producers that are in compliance with the program requirements; beginning January 1, 2032, requires CalRecycle to reassess the adopted regulations to include adjusting the minimum required collection sites, establishing a minimum recycling efficiency rate for covered products collected and recycled by program operators, or establishing other criteria for the program. Allows CalRecycle to impose administrative civil penalties for a violation of the program’s requirements, not to exceed \$10,000 per day, or not to exceed \$50,000 per day for an intentional, knowing, or reckless violation.	Watch
SB 728	Limon	Amended April 12, 2023 Senate Environmental Quality Committee	Gift cards: plastic. Proposed Law: This bill would prohibit the sale or distribution of plastic gift cards beginning January 1, 2026.	
SB 752	Padilla	Amended March 22, 2023 Senate Judiciary Committee Senate Environmental Quality Committee	Solid waste: collection service: disruptions. Proposed Law: This bill would require a provider of solid waste handling services to provide timely notice to its customers of a potential labor dispute that will disrupt the collection of solid waste. The bill would require a provider of solid waste handling services to provide a timely refund to customers following a failure to collect solid waste. The bill would also require the Attorney General to adopt regulations to enforce these provisions and to assess administrative penalties for violations starting at \$100,000 and up to no more than \$50,000 for subsequent violations.	
SB 777	Allen	Introduced February 17, 2023 Senate Appropriations Committee	Solid waste: reusable grocery bags and recycled paper bags. Proposed Law: This bill would require a store to retain the collected moneys to also be used for costs associated with providing consumers with an opportunity for returning reusable grocery bags to the store for recycling, and

			<p>any other costs associated with ensuring that collected bags are recycled. Requires stores to submit a quarterly report to CalRecycle with specified information related to the total costs associated with complying with the act and the balance, if any, of remaining funds, in the quarter. Would authorize CalRecycle to conduct related audits and would authorize an authorized representative of a store with a collective bargaining agreement to review and make copies of those quarterly reports.</p>	
SB 806	Archuleta	<p>Amended March 22, 2023</p> <p>Senate Judiciary Committee</p>	<p>Trash receptacles and storage containers: reflective markings.</p> <p>Proposed Law: The bill would require trash receptacles or storage containers longer than 3 feet and taller than 4 feet, designed to be placed on a roadway or the curb of a roadway in order to be emptied or picked up must be marked with a reflector on each side.</p>	
SB 854	Smallwood-Cuevas and Portantino	<p>Amended April 11, 2023</p> <p>Senate Appropriations Committee</p>	<p>Carpet recycling: carpet stewardship.</p> <p>Proposed Law: This bill would, commencing with the July 1, 2024, fiscal year require a carpet stewardship organization to make available up to 10% of the assessments collected for sale of carpet for use in California for grants to apprenticeship programs for training apprentice and journey-level carpet installers in proper carpet recycling practices.</p>
