

Los Angeles County Public Works is pleased to announce that Public Works facilities will reopen for in person service beginning October 1, 2021.

Appointments are strongly encouraged before visiting a facility, both to ensure prompt service and to protect the safety of customers and employees. Walk-ins will also be accepted with physical distancing guidelines in place. Masks are required at all times for all visitors and staff.

For urgent, non-emergency requests call the County’s 24-hour Dispatch Center at (800) 675-HELP (4357).
